Index to Record and Guide Vol. LXII.

For New York Auction Sales, Conveyances, Leases, Mortgages, Projected Buildings and Advertisers.

NOS. 1581 TO 1607. JULY—DECEMBER, INCLUSIVE. 1898.

PREFACE.

The following is the semi-annual Index of Volume LXII. of "The Record and Guide," containing complete lists of the Auction Sales, Conveyances, Leases, Mortgages and Buildings Projected in New York City during the last six months of 1898. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. Cost of binding, $2.00 per volume. A suitable temporary binder, holding one volume, can be obtained at the office, 14 and 16 Vesey street; price, one dollar.

THE KEY.

* Before any page No. indicates an Auction Sale.

† Before any page No. indicates a New Building Projected.

Figures in parenthesis are leases.

Figures preceded by capital letter are mortgages, said capital letter indicating the first letter of the name of the mortgagor.

Figures without any signs whatsoever are Conveyances.

EXAMPLE.

Henry st, from Clinton to Scammel..11, (17), G 19, *127, S 132, †137, &c.

On page *127 an auction sale can be found.

On page 11 a conveyance can be found.

On page †137 a plan for a new building can be found.

On pages G 19, S 132 mortgages can be found under the letters G and S.

On page (17) a lease can be found.

AUCTION SALES.

The * appearing before any number indicates the page on which to find an Auction Sale;

CONVEYANCES

are distinguished by numbers without having signs attached thereto. In many instances there will be found streets, etc., indexed under pages which, on being examined, show at once that they are not in their proper order according to our customary alphabetical and numerical arrangement. A further examination will disclose the fact that while the properties appear more prominently under the other street descriptions, they nevertheless extend to the streets, etc., indicated by the Index, and having a frontage on same have been included in the paging, and it will necessitate a somewhat more thorough search than usual to locate it. The Leases, Mortgages, Auction Sales and Projected Buildings are indexed in a similar manner to the plan followed with the Conveyances.

LEASES.

The figures in parenthesis denote that the transaction on the page given is Leasehold, an assignment of lease or a lease running for a short or long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the pages mentioned.

MORTGAGES.

All the mortgages are indexed against the street or avenue in which the property is located, and memoranda added to enable searchers to find the particulars in "The Record and Guide." For example, Allen st, from Hester st to Grand st..S 758. Allen street appears on page 758 and S is the initial letter of the mortgagor or borrower. The streets and avenues are so subdivided that very few references are necessary. All readers of "The Record and Guide" are aware that the mortgages appear weekly in alphabetical order, so that they have, so to speak, a weekly index of mortgagors. This publication of an index against property completes the information which those interested may require.

PROJECTED BUILDINGS.

are included under the same general heading, and are distinguished by the † which precedes the numbering.

Auction Sales, Conveyances, Leases, Mortgages and Projected Buildings.

NEW YORK CITY.

STREETS.

NOTE.—Longitudinal streets, roads and places, such as the Bowery, Boulevard, Broadway, etc., which run parallel with the various avenues, will be found in alphabetical order amongst the avenues.

NOTICE TO CONTRACTORS.

STATE OF NEW YORK—CRAIG COLONY.

The Board of Managers of the Craig Colony for Epileptics at Sonyea, Livingston County, N. Y., hereby invite proposals from contractors for the construction of fifteen (15) dormitory buildings and a superintendent's residence at the Craig Colony; said buildings to be constructed complete in every detail, including plumbing, heating and electric lighting, and made ready for occupancy in accordance with plans and specifications for such work made by Carrere & Hastings, Architects, 28 East 41st St., New York City.

Specifications may be obtained and plans for said work may be seen at the office of Carrere & Hastings, or by application to Dr. William P. Spratling, Superintendent, at the office of the Colony at Sonyea, N. Y. Forms of proposal may be obtained of Carrere & Hastings, or at the Colony.

Bids for said work will be publicly opened at two o'clock P. M. on Tuesday, July 19th, at the Colony.

Proposals must be addressed to "The Executive Committee of the Board of Managers of the Craig Colony" and indorsed "Proposals for Fifteen Dormitory Buildings and Superintendent's Residence."

The Managers of the Colony reserve the right to reject any and all bids.

DOWN in Wall Street it must be confessed that business has become disappointingly dull. Commission brokers, pure and simple, say they are doing very little, and what little they are doing is in the way of selling for clients who are taking profits. At the same time it is evident that there is very little stock on the market, and the prosperous condition of business, present and prospective, is against any idea that an extensive selling movement will be soon inaugurated. This augurs dullness of course, and dullness augurs lower prices through sagging. The activity that is noticed here and there is attributed wholly to the operations of some prominent leaders in the late advance, and the stories of combinations and dividends which accompany them are indicative of an earnest desire somewhere to sell that should arouse caution. The Exchange will be closed until next Tuesday and, if meantime, operations against Santiago de Cuba are successful some expect that prices will advance on that, but as nothing else but victory is counted on much basis for that expectation is hard to find.

EVERYTHING points to the flourishing condition of business in Britain, good railroad earnings, increases in revenue returns, a generous naval-construction programme, etc., except the foreign trade returns, which present an undue decline in exports compared with the movement of imports. In France almost precisely similar conditions prevail. It is only the United States' foreign trade that shows such a handsome balance in its favor, and this is due largely to the crop failures elsewhere and the consequent demand for food stuffs on this country. Indian opinion, both white and native, condemns the government's currency proposals. The Madras Chamber of Commerce has forwarded a memorial declaring that the proposed contraction of the currency by the withdrawal of ten crores of rupees would cause a most serious financial crisis and widespread ruin. A native association in another memorial says of the suggested experiment, that it cannot succeed because based upon wrong hypotheses and reasons, and that, whether it succeeds or fails, the experimental period will be one of great tribulation to the country and spell ruin to all existing industries. The Rand gold production for the first five months of this year showed a gain of about 500,000 ozs. over that of the same time last year. The Hungarian Board of Agriculture has published its estimate of this year's harvest, which takes into consideration all the damage caused by rain, mildew, etc., during the last weeks. According to this estimate, wheat would yield 33,755,072 double cwts., against 24,471,241 double cwts. in 1897; rye, 9,835,899 double cwts., against 8,928,643 double cwts. in 1897; barley, 14,041,398 double cwts., against 9,030,051 double cwts. in 1897; oats, 12,199,862 double cwts., against 8,546,540 double cwts. in 1897. Money is everywhere cheap. The reduction of the Bank of England rate to 2½% last Thursday, is an evidence of the easiness of funds, especially as it was made sometime in advance of the time predicted by the best authorities. The position of affairs in the Philippines is really attracting more attention abroad than the movements of our troops in Cuba, because the issues that may grow out of it are much more momentous. While it is generally conceded that the United States will have a free hand in dealing with its conquests on this hemisphere, it is not altogether taken for granted that this will be the case in the Far East. Europe knows how to take diplomatic utterances better than we do and holds that an assurance of intention is only good at and for the time it is made, so it would not surprise anyone there if a discrepancy should appear between Germany's present assurances and ultimate action.

THE Brooklyn aldermen who are holding up the issue of bonds needed for improvements in Manhattan and the Bronx are simply trying, for the benefit of the borough they directly represent, to lay hands on pre-partnership funds to which their borough has not the shadow of right or title. The $23,000,000 ought to have been issued under the resolutions of the old administration as soon as the legal conscience of the present one became satisfied—under a vigorous public protest against any other view—that they were valid. In doing otherwise they challenged opposition from the Brooklyn representatives in the Municipal Assembly and it must be included among the tactical blunders of which the present administration has produced some startlingly striking examples. This administration is taking too seriously the reaction from "reform" disclosed at the last election as the last administration took the desire for reform expressed at the proceeding one. The consequence is a striving of the present one to earn public favor by throwing discredit on the acts of their predecessors, which the public no doubt estimates at its true value, namely, the partizan one. In their turn the Brooklyn aldermen are pressing local preferences and interests without reason or honesty and the consolidation muddle is becoming more muddled, with the only party to it that has anything to lose, of course, the chief sufferer. It is to be hoped that the Brooklyn men will see the error of their ways and take their hands off the private purse of the old city and that the administration will be warned by the unpleasant consequences that have followed their policy hitherto, to strive to gain a reputation rather for administrative ability than for party acrimony.

NATURALLY we have received many inquiries, some of which are answered in another column of this issue, as to what must be done in various contingencies under the War Revenue Act. Our readers must bear in mind that it always takes time to determine what is precisely meant by the wording of an act of legislation, owing to the impossibility of finding language, in which to express the views of the lawgivers, that is not capable of more than one interpretation. Already it may be noticed that eminent lawyers vary in their views on some important points, which have to be referred to the Treasury for decision, and which may yet go to the courts for final adjudication. One of the most perplexing things to determine is whether real estate brokers have to pay an annual tax. Looking over the whole matter we are inclined to believe that they are not. At the same time the Treasury Department may think otherwise. There is no reason for assuming that Congress had a desire to discriminate in favor of real estate brokers; but the War Revenue Act, perhaps omissionally, does so decidedly. It puts broker into four classes: Stock, pawn, commercial and custom-house brokers. The first must pay an annual tax of $50, the second and third each one of $20, and the fourth one of $10. The businesses in the four classes are defined, but in none does real estate appear as the subject of the transaction in which the broker is engaged. If, therefore, real estate brokers are asked to pay a tax, the question would arise as to the class they would come under. Certainly not either as stock, pawn or custom-house brokers, and if as commercial brokers, it might be objected that they do not negotiate sales or purchases of goods, ware produce or merchandise; or negotiate freights or other business for the owners of vessels, etc., which a commercial broker is said to do by the act. Only by a strained interpretation and by the assumption that Congress intended every broker, no matter what his business might be, should be taxed, can real estate brokers be compelled to pay the tax. Such comfort as this view may convey is, however, mitigated by the fact that it is the policy of the Treasury to make the act as productive as possible and, in pursuance of that policy, that department is not likely to let an important interest escape payment of the tax if there is any way of so interpreting the act that they can be brought within its provisions.

IT is gratifying to learn that the tentative map of the proposed street-plan for Bronx Borough, east of the Bronx River, has been completed, and that a hearing on the same will shortly be held by the Board of Public Improvements, probably during the present month. The hearing will require ten days' notice in the city's official newspaper organs. It is not expected that the street-plan, a general description of which may be found in The Record and Guide of December 25, 1897, will meet with serious, if any, opposition, as the principal property-owners concerned have already privately expressed their approval. The hearing over, the Board of Public Improvements will be at liberty to adopt this tentative or sketch map, whereupon the work can begin of filling in the topographical details, such as sewer and street grades, block dimensions, etc. The completion of the detailed topographical map, comprising 68 sections, will require in the neighborhood of a year's time. This map, however, when adopted by the Board of Public Improvements, and filed, will establish permanently the municipal layout of the section. In

this connection, it may be noted that the Topographical Bureau is preparing a street-plan for Manhattan Borough, above 155th street, which was the northern limit of the plan prepared by the commission of 1807. Above 155th street, 10th and 11th avenues, the Boulevard, Fort Washington avenue, Kingsbridge road, Edgecombe avenue, Dyckman street, and some cross-roads, were opened by the old Park Board, and the Riverside Drive extension was created by a special act of legislature. But much of this northerly section has not been laid out at all, and in the parts laid out, errors have been discovered in the location of the topographical monuments. Considering the costliness of many of the private improvements that are taking place in this section, and the prospect of a considerable increase in building activity, it is important that the existing surveys should be verified as soon as possible, and plans filed for the unimproved parts. The layout of this section as a whole, which is being prepared under the able direction of Louis A. Risse, Chief Engineer of the Topographical Bureau, will provide for a public park on the historic site of Fort George, a feature which cannot be too highly commended, though in the present condition of municipal affairs it would be unwise to expect that a park will be laid out at that spot within any reasonably near future, admirably suited as it is for such a purpose.

FORECLOSURE SALES.

Those who have followed the monthly statements of foreclosure sales given in these columns will not be surprised to learn that a compilation of the figures given therein for the past six months shows that there was a large falling off both in the number and value of the pieces of realty changing hands through forced sales, during that period, compared with the same half of 1897. The periods treated are not exactly defined by the calendar, but by the issues of the Record and Guide, the sales appearing in the first 26 numbers of each year being collected for the purposes of comparison, and not the actual sales taking place between January 1st and July 1st. The figures for last year were swelled by the sale of the Syndicate Building, on the southwest corner of Nassau and Liberty streets. But even if that transaction should be omitted as extraordinary and subversive to a fair comparison, the discrepancy between the amounts credited to the two years is still greatly against the present one, and, as a consequence, favorable to the present situation, because the smaller the amount of property forced to sale the better the latter must be taken to be. With this remark the table can be submitted without further explanation, as it is in the usual form and its contents are self-explanatory, readers of this paper being now familiar with it:

THE BUILDING LAW IN THE ASSEMBLY.

In the Council on Tuesday last the Joint Committees on Railroads and Law reported the following resolution, which was adopted by 22 votes against 1. The minority consisted of Councilman Leich, who protested that the ordinance did not receive a sufficient number of votes. It was afterwards reported in the Board of Aldermen and was by them referred to their Committee on Law:

Resolved, That the President of the Council be and he hereby is empowered and directed to nominate for appointment and employment by the Municipal Assembly, under the provisions of Chapter 378, Laws of 1897, known as the Charter of The City of New York, a commission comprising experts in the science and practice of building, who shall have been engaged not less than five years in business on their own account in The City of New York, and who shall be residents and voters in the aforesaid city, of whom there shall be one iron-worker, one mason, one carpenter, one plumber, one architect, one civil engineer, one representative of the Board of Fire Underwriters and a representative of the Corporation Counsel, ex-officio, who shall proceed to prepare and report to the Municipal Assembly on or before the first stated meeting in the month of November, 1898, a code of ordinances to be established by the Municipal Assembly, to be known as "The Building Code of The City of New York," providing, for all matters concerning, affecting or relating to the construction, alteration or removal of buildings or structures erected or to be erected in The City of New York, as constituted by Chapter 378, Laws of 1897, in conformity with the provisions of the Charter, and more particularly with Section 647 thereof.

The Council also received the following petition, signed by the gentlemen whose names are given below, and referred it to their Committee on Law:

We, the undersigned, architects and builders in The City of New York, most respectfully petition the Municipal Assembly of The City of New York to enact such modification to that part of section 661 of the act known as the "Tenement-house Law" as relates to window-guards, so as to exempt from the provision of the same modern-built tenement-houses, in which the window-sills in all bedrooms and kitchens are three feet above the floor, and in sitting-rooms or parlors two feet above the floors, and to allow where window guards are necessary, the same to be secured to the window frames.

The law as originally prepared and introduced in the Senate and Assembly provided for guards in "all tenement-houses now erected and hereafter to be erected" (like the fire escape law) and was aimed chiefly at the old altered buildings in lower New York, in which the sills in many cases are less than 12 inches from the floor, and in which so many accidents have happened; but after the law had been approved by the Governor, it was found that the words "now erected" had, for some reason, been omitted, thus making the law not only ridiculous and useless, but oppressive, as reliable statistics, obtained from the Health Superintendent and different hospitals, show that within ten years more than 2,000, mostly women and children, were killed and maimed through falls from windows, and that out of that number of accidents not one case was traced to a modern-built tenement. This shows to your Honorable Body that buildings in which guards are required are exempt from the provision of the law, while buildings safe in all respects and requiring no guard must be provded with them.

We also respectfully request your Honorable Body to recommend to the Department of Buildings that the law in question be suspended, or not enforced pending the consideration of this our petition.

A NOTABLE WORK.

It is a curious fact that in spite of the immense importance and interest of the subject no history has yet been written of Real Estate in New York City, or of Building, or of Architecture. The facts for a history are abundant surely, but no one has yet marshalled them into a consecutive story.

We are, therefore, in this position: if the builder wants to know anything concerning his craft historically, or the architect concerning his profession, or the real estate owner or agent concerning the commodity in which he operates, each must alike toil and dig it out for himself, either from the official archives or from the pages of contemporary trade publications, of which the Record and Guide is the chief. The need for information arises daily, and men whose memory is long or whose experience is wide know how constantly they are called upon by their friends or clients to supply information. There is no encyclopedia to turn to.

Under these conditions the "History of Architecture, Building and Real Estate in New York City for the Last Quarter of a Century," just published by the Record and Guide, is a welcome volume, and it ought to find a place on every desk and in every library. It is a book of more than 700 pages, handsomely and substantially bound. It is a solid piece of bookmaking. It leaves nothing to be desired in the matter of typography, printing or paper. Its contents have been carefully prepared. It presents a thorough review, not only of modern real estate operations, but of the historical precedents from which modern conditions have been developed. Its chapters are illustrated by necessary maps, diagrams, etc. Special consideration is given to the origin and growth of title guarantee companies and other similar corporations that now perform so important functions in the real estate market.

The evolution of the building industry, from its relatively insignificant position a quarter of a century ago to its place of paramount importance to-day is treated in detail. Special consideration is given to the growth of the terra cotta industry and to the marvelous development of iron, in the construction of modern buildings. There are also chapters devoted to Artistic Iron-Work, Lock-making and Hardware.

The course of Architecture is revived at length, and valuable tables are furnished of the important buildings designed each year during the last quarter of a century, and of the chief works, chronologically arranged, of the leading New York architects.

In addition, the volume contains a mass of commercial information concerning most of the active firms engaged in the practice of architecture, in building, in the supply of building materials, and in real estate operations of all kinds. This feature of the work will be found particularly valuable to all who are about to enter into any kind of transaction involving the construction, purchase, rent or lease of buildings. The book is abundantly illustrated with views of old New York and with most of the noteworthy modern edifices.

The price of the volume is $10. It may be obtained at the office of the Record and Guide, 14 and 16 Vesey street.

S. V. R. CRUGER AND HIS SUCCESSORS.

The lamented death of Stephen Van Rensselaer Cruger, whose obsequies took place amidst so many remarks of respect in Trinity Church on Tuesday last, removes the head of an important real estate firm, but at the same time proves the value of the thoroughly organized system on which this large real estate concern was run.

The principle that underlaid the ancient form in which the deaths and succession of kings of France used to be announced, "Le Roi est mort, vive le Roi," was nothing more or less than a picturesque and graphic way of saying that the organization of the state was continuous, though the individual directing it might be changed by death. The same principle operates in commercial as well as in state organizations, and the holder of power of one day is working in order that it may pass unimpaired to his successor of tomorrow. Whoever builds knows that he must one day or another relinquish what he has built, but it would be very hard to find one who does not wish his work to endure beyond the span of time alloted to him personally.

There can be no doubt that Mr. Cruger expected and wished this to be the case with the real estate business he organized and, with Henry W. McVickar, built up by many years of patient labor. His own feeling and his desire to do everything to protect the interests of his clients prove this, as do also the arrangements made before his last illness to perfect the organization of his firm and to provide against any possible injury arising to it through his own absence, whether to be temporary or permanent. These arrangements and their object are best expressed in the announcement that was made by S. V. R. Cruger & McVickar, which was authorized by him in the emergency that was created by his last sickness, which, however, was not expected to result fatally, as it most unfortunately did, and caused the statement to be accompanied by the melancholy news of his death:

We beg to announce that, owing to the large and constantly increasing business and the continued ill-health of our Mr. Cruger, and realizing more and more how necessary it is for our clients' welfare to have a perfectly organized machine to manage their property and to attend to such business as they may intrust to our care, and that some partner should always be at the office, we have admitted to the firm Mr. E. D. McGreal, who has been with us for the past thirty years, and Mr. W. E. G. Gaillard, the former manager of our up-town office.

We desire to impress on our clients and on the public in general that this means no change whatsoever in the management of their affairs, but rather a perfecting and strengthening of the system which was organized and has been working for the past five years.

The business is departmentized under Agency Brokerage, Appraisal, and Loans, with a head to each department and a large force of clerks.

S. V. CRUGER & S. McVICKAR.

Owing to these thoughtful and businesslike precautions, it will be seen that the firm as an organization for the transaction of a real estate business, extensive in all the departments pertaining to it, remains unimpaired, although its founder has been removed by death, which, though sincerely regretted for reasons personal and complimentary to him, need not now be for business reasons, owing to the careful provisions made to secure the integrity and perfection of the organizaton. The surviving partners continue the business under the name of McVickar & Company, but in all other respects—plant, force, experience and knowledge—it remains exactly the same as it was. The business was founded some 33 years ago by Mr. Cruger, who had a fine capacity for organization, attractive manners and influential friends. It has grown to large proportions naturally with the immense growth that has taken place in the real estate business of this city since the close of the late war. As a result of this gradual process a perfect organization has been formed. Each of the three partners has been identified with its details for many years. They have four offices: No. 187 Fulton street, No. 1368 Broadway, No. 246 East Houston street and Central Park West and 108th street. These offices are located with the view of meeting the convenience and special wants of clients; they are in telephonic connection and operated by a total force of thirty clerks under the direction of the members of the firm. Every office is visited daily by at least one of the firm. The advantage of such a system is not merely in the efficiency of management and the admirable results obtained through it for clients; but by being thoroughly departmented, the client himself can obtain promptly any information he desires as to mortgages, sales, rentals, repairs, insurance or anything else affecting his property by applying to the man in charge of the proper department, without having to consult the principals, which, for obvious reasons, it is not always possible to do without delays. In addition to having an organization which is insured against disturbance or eruption by the absence from any cause of individuals, the new firm has capital men to carry it on.

In conclusion, it may be of interest to state that the firm never had and has not now any official connection with Trinity Corporation. The late S. V. R. Cruger managed the real estate business of that corporation as its controller, and of course that duty will devolve upon his successor in that office.

PAVING IN GREATER NEW YORK.

The paving work for the Borough of Manhattan contemplated by the Department of Highways for this year, by means of the appropriations recently approved by the Board of Estimate and Apportionment, and now before the Municipal Assembly, includes all the list given in our issue of April 16th last, as embraced in the paving improvements then held up, except those under the head of "Contracts Let—Securities Not Approved." Work is being done on 86th street, between Madison and 5th avenues, and is ordered on 47th street, end of present pavement to bulkhead line of Hudson River; 86th street, 1st to Madison avenue; 54th street, 11th to 12th avenue; 111th street, 5th avenue to Avenue A; 81st street, 1st to 3d avenue. The other work will, according to the engineer of the Department, be pushed as rapidly as possible, but the Department is only capable of handling a few streets at a time. The first quarterly report of the Department of Highways, being for the quarter ending March 31st last, has just been published. It gives figures showing, among other things, how the several boroughs came into consolidation in the matter of paving. From them the following table has been prepared; it summarizes the condition of the streets of each borough on January 1st last, with as much accuracy as very defective data, especially regarding the strictly rural boroughs of Queens and Richmond, would permit:

News in Brief.

The Third avenue Bridge, according to the latest announcement, is to be opened on Monday next.

A recreation pier, at the foot of Christopher and Barrow streets, was opened Saturday last.

The Brooklyn aldermen still hold up the issue of the $23,000,000 bonds approved by the Board of Estimate and Apportionment, but it is stated that at the next meeting their opposition will be removed.

Wednesday next the following public schools will be opened as vacation playgrounds: No. 2, 116 Henry street; No. 4, 203 Rivington street; No. 15, 728 5th street; No. 25, 326 5th street; No. 37, 113 East 87th street; No. 48, 124 West 28th street; No. 49, 237 East 37th street; No. 56, 351 West 18th street; No. 57, 176 East 115th street; No. 75, 25 Norfolk street; No. 78, 362 Pleasant avenue; No. 84, 430 West 50th street; No. 93, Amsterdam avenue and 93d street; No. 94, 180 Amsterdam avenue; No. 105, 269 East 4th street; No. 107, 272 West Tenth street; No. 112, 83 Roosevelt street; No. 117, 170 East 77th street; No. 120, 187 Broome street; No. 131, 272 2d street.

President Vreeland, of the Metropolitan Street Ry. Co., is quoted as saying that the work of equipping the 6th avenue line with underground electricity will be begun at once, and that once the work is begun it will be pushed to completion with every facility at the command of the company. Also that work would soon begin on the lower part of the 8th avenue road, and that the company was busy getting consents from property owners along Broadway allowing the company to change its motive power from cable to electricity. In addition to these improvements, President Vreeland said that work was soon to be begun on the rebuilding of the 28th and 29th street cross-town lines, so as to permit the operation of cars by compressed air.

VACATION ADDRESSES.

With the opening of the summer there are a good many removals, for purposes of rest and recreation, among gentlemen interested in the real estate and building and kindred business. So far this movement has not attained very large proportions. The summer addresses of the following will prove serviceable and as interesting as the movements of familiar personages always are in professional and trade circles:

Joseph L. Buttenweiser, real estate, Sharon Springs, N. Y.

O. G. Bennet, broker, Cottage City, Mass.

R. W. Barnes, broker, Smithtown Branch, Suffolk Co., L. I.

J. M. Lichtenauer, Hotel Champlain, Clinton Co., N. Y.

Victor Gilsey, North Long Branch, N. J.

Fisher Lewine, operator, Elka View House, Tannersville, N. Y.

Harris Mandelbaum, operator, No. 160 Franklin avenue, Long Branch, N. J.

Jacob Katz and family, Helmbold Cottage, Long Branch, Mr. Katz coming to town daily.

J. Korn, operator, West End P. O., Long Branch, N. J.
P. A. Hegeman, Bensonhurst, Brooklyn.
Du Bois Smith, St. James, L. I.
Isaac Halstead, Pine Hill, Ulster Co., N. Y.
Geo. W. Connell, Catholic Summer School, Plattsburg, N. Y.
S. Kempner, Hollywood Hotel, Long Branch, N. J.
L. R. Berg, broker, Prospect House, Bay Shore, L. I.
W. A. Picken, Hotel Clifton, Good Ground, L. I.
Edw. Hirsh, operator, The Pavilion Hotel, Sharon Springs, N. Y.

The Building Trades

Building Material Market.

BRICK.

Hudson River brick have arrived to the amount of 55 barges during the week. Sixty-three barges have gone out and the market is pretty well cleared up. The inquiry is good. Prices are firm at $5.50@6.00, with slightly higher values prevailing in special cases. The strike at Haverstraw is still on. Pale brick are in very good demand but the supply is somewhat light. The market is steady at $3.50@3.75. The tendency of the market for New Jersey is decidedly upward, although no active advance in prices has as yet taken place. Demand is good at $5.50@5.75.

CEMENT.

The differences of opinion among the dealers in domestic Portland cement make it next to impossible to form an exact idea as to the state of the market. Local trade in the majority of cases is undeniably dull, while several firms have their hands full supplying orders. There is no gainsaying the fact, however, that the supply is light, as was remarked in this paper several months ago would probably be the case during the summer. Rosendale cement remains practically unchanged from our last report. Demand is only fair and value remains at 65@70c.

LIME.

A moderate supply of Rockland lime has come in during the week and a fair amount is on the way. Demand has been sufficient to absorb the entire offerings. Prices are steady at 75c. for the common and 85c. for the finishing. The demand for State lime has been growing gradually less for about a month, although the change from week to week has been hardly appreciable. A revival of trade is not looked for before the fall. Price is steady at 70c. Jointa lime is quiet but unchanged at $1.00.

LUMBER.

New York City building has fallen off steadily since the beginning of the war with Spain, as is shown by the number of plans filed, which average anywhere from five to fifty per week less than for the corresponding weeks of 1897. Within the last few weeks, however, the number has several times exceeded that for 1897, and by a substantial increase. This will show, better than any amount of argument, that confidence is being once more restored and that the resumption of building on the ante-bellum basis may be looked for before long. The feeling of pessimism which has prevailed in some quarters is yielding to a desire to take advantage of present bettered conditions. The local lumber market has shown an increase in trade within the week. Shipping rates have slipped back to old figures and in some cases it is reported that they are below what they were previous to the war. As the lumber market was the first to feel the effect of hostilities, it also happens to be the first to experience any considerable rally under more favorable conditions.

LATH.

Arrivals of Eastern spruce continue to be small. Only the supply reported to be on the way last week, and amounting to two or three cargoes, has come in. Call is somewhat weak, although on account of the lightness of the offerings the supply has been absorbed. Value, however, has weakened a trifle, and the market was at $1.70@1.75, with the majority of the sales being made at the former figure.

NAILS.

Although for some time after the meeting of the manufacturers to advance the prices of wire nails there was no actual advance, the cutters have at last withdrawn their opposition and quotations at present are $1.17½@1.20 for carload lots on dock, New York, and $1.25@1.30 for small lots from store. It is doubtful, however, whether these values can hold, as demand is light and the time is anything but propitious for an advance. The call for wire nails is small. but prices hold at former figures. Quotations are, $1.30@1.35 for carload lots f. o. b. mill, Pittsburg, base; $1.45@1.50 for carload lots on dock, New York; and $1.55@1.60 for small lots from store.

PAINTS.

The paint market remains in practically the same quiet condition. Aside from the usual dulness consequent upon a holiday week the amount of business being transacted is small. Both white lead and red lead are having a moderate sale but the demand is only fair. There is no change in prices as last given by the National Lead Co., and which are as follows: In lots of less than 500 lbs., 6c. net; in lots of 500 lbs. or over, 5½c. Dry white lead, in barrels, ½c. per lb. less than the price in kegs. Red lead and litharge in barrels and half-barrels, ¼c. per lb. less than the price in kegs. White lead in 12½-lb. pails (packed in 100-lb. cases), 1c. per lb. over price in kegs. White lead assorted in 1-lb., 2-lb., 3-lb. and 5-lb. cans (packed in 100-lb. cases), 1½c. per lb. over the price in kegs. Terms —On lots of 500 lbs. and over, 60 days; 2% discount for cash, if paid in 15 days from date of invoice, f. o. b. at New York. Quantities.—To make either of the above-required quantities any assortment of packages of either or all of the above articles may be counted. The above prices and terms supersede all previous prices and terms offered by this company.

OILS.

City crushers have made a decided reduction in the prices of linseed oil, amounting to 3c. per gallon. Quotations on the new basis are 41c. for 5-bbl. lots or more, and 42c. for less than 5-bbl. lots, with an addition of 2c. per gallon for boiled and refined. The decline in the price of seed is the principal cause for the break in values of oil. Inquiry is only fair. Out-of-town crushers have reduced their prices in sympathy with the city crushers and they quote 40c., although it is probable that slightly lower offers would lead to business. Calcutta is at 54c.

NAVAL STORES.

The weakness of the market for spirits of turpentine noted last week has developed into an actual easing of values. At the close quotations were: 26½c. for regulars and 27c. for machines. At these figures values were steady, for, while demand was not strong, on account of the lightness of the supply, there was no pressure to sell. Offerings of tar were light. Inquiry has been a trifle slow, but values have held firm at $1.90@2.00 for regulars and $3.50 for oil barrels. Pitch has been very quiet and without feature. Prices are unchanged at $1.75@1.80.

GLASS.

The glass market is approaching the dullest month of the year, and demand in all branches is lighter than for several weeks past, although on the whole it is fairly seasonable. Prices for American window glass remain the same, and discounts are 80 and 80 and 5%. There has been a further advance in Europe on French window glass, but it has not as yet affected the domestic market, although value is firm at 85 and 10 and 5% discount. The market for plate glass is quiet. Prices are firm and unchanged at 80 and 5% and 80 and 10%.

OF INTEREST TO THE BUILDING TRADES.

Ronald Taylor, No. 156 5th avenue, will spend July and August with his family at Blue Point, L. I.

McNeille & Tuttle and Bowen B. Smith, architects, have opened an office at No. 123 East 23d street.

George Palmer Graves and Harvey V. Wilmington & Co., architects, have opened an office at No. 156 5th avenue.

No definite action has been taken with regard to the abolition or retention of the uptown office of the Department of Buildings.

Charles Buek is summering with his family at Westport, Conn., whence he comes in daily to his office at No. 109 West 42d street.

The name of Frank C. Schaeffler, mason, Room 75, Bible House, is the latest addition to the membership roll of the Building Trades' Club.

Thomas P. Neville, of the firm Neville & Bagge, No. 217 West 125th street, sails on Tuesday for a ten weeks' tour through Europe.

The Board of Estimate and Apportionment yesterday appropriated $17,053 to buy land for a new engine house at No. 363 Broome street.

Stephen M. Wright and wife start next week on an all-summer trip through the White Mountain region. They will return about the 1st of October.

C. T. Wills, No. 156 5th avenue, has moved into his new residence at Belle Haven, Conn., which is said to be one of the handsomest dwellings in the environs of New York City.

Jas. H. Havens, whose business address is No. 823 11th avenue, and family will shortly undertake their annual pilgrimage to the summer home which he has at Plainfield, N. J.

Charles P. Moore has been appointed a confidential inspector, Chas. J. Reilly an inspector of buildings, and John Lewis an inspector of plumbing in the Department of Buildings, Boroughs of Manhattan and Bronx.

The "Manual" of the Building Trades' Club, for 1898, just issued, contains much interesting information relating to the club, including the by-laws, house rules, list of members, and a historical sketch of the organization.

The Brooklyn Hebrew Hospital Society, of which Robert Strahl, No. 35 Graham avenue, is president, is looking for a suitable site on which to erect a hospital. However, the selection will probably not be made before autumn.

The new Machine Stone Workers' Association, which was organized during the recent strike in the stone trade, is to be incorporated, and the old union dissolved. All the property of the old union will be turned over to the officers of the new organization.

The following special order has been posted on the bulletin board

in the main office of the Building Department: "No proposed amendment to any application, nor petition for modification of the law in connection with any application filed in this Department, will be received unless the same is signed by the owner or architect of record."

The Zoological Society has decided to proceed with the erection of the winter houses for birds, the great flying cage, the bear dens, wolf dens, fox dens, eagles' aviary, shelter house for elk and pheasants' aviary in Bronx Park as soon as the plans, which are now in the hands of Park Commissioner Moebus, of Bronx Borough, shall be approved by the Park Board. The improvements mentioned form only a lesser part of the contemplated system.

The extraordinary prosperity which the Building Trades' Club has experienced since it moved into the Townsend Building, a year ago, is incidentally shown by the fact that one-half the $5,000 in bonds, issued for the purpose of furnishing the club's rooms, has been redeemed. It is the common experience of clubmen that bonds of this description are rarely redeemed.

Mr. Chas. A. Du Bois, secretary of the Builders' League, has resigned this position, in orded to devote himself wholly to his private business as an electrical contractor and real estate agent and broker, which he conducts at No. 1762 Amsterdam avenue. Mr. Du Bois has been an officer of the League since its organization in 1894. His successor has not been elected.

The Board of Walking Delegates, already in open hostility against the Building Trades Council, has now also declared war on Building Constructors' District Assembly 253, Knights of Labor. An order has been issued to the effect that all unions affiliated both with the board and D. A. 253 will have to withdraw from the one or the other. This action will affect nearly half the unions now connected with the board, including carpenters, marble cutters' helpers, mosaic workers, tile layers' helpers, framers and half a score of other unions. The board contends that this action was made necessary by the antagonism shown by D. A. 253 and the Knights of Labor toward the board. This antagonism took the form of organizing unions in opposition to some of those now in the board. The last straw which broke down the patience of the board was the organization of the Gas and Electric Fixture Hangers' Union in opposition to Electrical Workers' Union 3, which is affiliated with the board, and was suspended from D. A. 253 for refusing to order a strike against another union in the board which has since joined the Building Trades Council.

MEETINGS FOR THE COMING WEEK.

TRADE NOTES.

MANHATTAN CORNICE AND SKYLIGHT WORKS.

Messrs. Alexander & Weiss, proprietors of the Manhattan Cornice and Skylight Works, No. 435 East Houston street, report a season of great activity. They are doing a large number of the very many flats and tenements now completing in the lower East Side, although their work is not by any means confined to that section. For Builders Kidansky & Fine they equipped Nos. 122 and 124 Orchard street; for Builder Harry Fischel, Nos. 226 to 230 Henry street, Nos. 626, 628, 640 and 642 6th street, and the westerly block front on Clinton, between East Broadway and Division streets; for Markowitz & Jacobs, Nos. 739 and 741 6th street; for Isaac Marks, Nos. 282, 284 and 286 East 3d street; for Louis Levy, Nos. 36 and 36½ Stanton street; for Roth & Wielandt, Nos. 603 and 605 6th street; for Gordon, Levy & Co., No. 264 2d street; for D. Rosenstein, No. 241 Henry street, and for R. Axelrod the flats at Central Park West and 99th street.

SIDESWALLS AND WAINSCOTING.

Samuel I. Rochmovitz, of No. 166 East 3d street, carries a large stock and executes orders promptly and satisfactorily for metal ceilings, sidewalls, and wainscoting. His list of references is extensive, and he will gladly furnish estimates to responsible persons for work in his line. Recent contracts executed by Mr. Rochmovitz include ceilings and sidewalls for five big stores and basements at Ewen and Moore streets, Brooklyn, and the Synagogue, No. 70 Columbia street, New York.

The Real Estate Market

Real Estate Market.

There was an air of activity about the private sales, market this week such as has not been seen for some time past. This was due, to some extent, it is reasonable to surmise from the known circumstances, to a shifting of parcels from one hand to another in the settlement of long standing operations and, therefore, must not be taken as indicative of a revival of regular business. It would be rather surprising if anything boomlike should start up, as the thermometer is recording the 90s and the summer exodus is beginning. Still a considerable miscellaneous business continues to be done. For example, reports of 51 transactions are given below, while only 44 were given last week, 38 the week before and only 29 three weeks ago. In the matter of reported total considerations for these four weeks and the numbers of parcels embraced in them, the figures are: For this week, 14 sold or conveyed for considerations amounting to $1,726,000, two alone taking $1,450,000 of this amount, leaving only $276,000 for the remaining 12; last week, 17 for $910,750; for two weeks ago, 21 for $1,035,100; for three weeks ago, 9 for $330,100.

The only sale of importance in the auction market this week was that of the Olympia Theatre property, and its importance was more due to the size and notoriety of the parcel sold than to any influence on the realty market it possessed. The statement made by the auctioneer, Peter F. Meyer, in excuse for his not giving a detailed description of the parcel, that when a man built a monument to himself the public knew all about it, is good here. It was announced $800,000 could remain on bond and mortgage at 5%; terms that ought to have brought better bidding. There was a large crowd present, drawn, however, only to witness the close of a remarkable operation, but the bidding was unsensational. The first bid was $900,000 over and above mortgages for $16,000 and interest, by the New York Life Insurance Co., the holder of the mortgage, to satisfy which the property was sold. Sire Bros. bid $910,000, and the mortgagee jumped it to $950,000, at which figure the parcel, which represented to the titular owner an investment of about $2,000,000, was knocked down. There were no withdrawals this week, and the only adjournment to a date beyond the coming week was that of No. 773 St. Nicholas avenue, and No. 400 West 149th street, by Peter F. Meyer to the 28th inst.

The executors' sale of uptown lots announced by Richard V. Harnett & Co., for last Wednesday, was adjourned until next Wednesday, 6th inst. The property to be disposed of consists of five lots on Park avenue, six on Pleasant avenue and ten on Nathalie avenue in the 24th Ward. All are ready for improvement, and are well located. It is expected that the underground trolley will be extended through Pleasant avenue, which will also be favorably affected by the building of the Willis avenue bridge over the Harlem River. Other facts relating to these several offerings can be found in our business pages, and the auctioneers, at Nos. 71 and 73 Liberty street, will supply maps and full particulars.

Attention is again called to the announcement of the Fourth of July Brooklyn lot auction sale by Jere. Johnson, Jr., Co., of the Jane Robert Estate, at which 1,840 lots will be offered. By reason of the suitability of this property for immediate improvement and the success that attended the Jere. Johnson, Jr., Co.'s Decoration Day sale, it is expected that this occasion will draw out a large crowd of buyers. These lots compose a tract, extending from 18th

to 22d avenues and from 66th to 73d streets, in the 30th ward of the Borough of Brooklyn. City improvements have been made and gas and water put in. The Lawyers' Title Insurance Company will guarantee titles, and 80 per cent. of purchase money may remain on bond and mortgage at 4½ per cent. Park Row (New York City) cars take passengers to the property for a five-cent fare. Other particulars can be found in our business pages, or obtained, together with maps and passes, of Robert & Whiteman, attorneys, No. 132 Nassau street, and Jere. Johnson, Jr., Co., No. 169 Broadway, New York City, and No. 189 Montague street, Brooklyn.

LEASES.

Jacob A. King has leased five lofts in the new building, No. 533 West Broadway, for a term of years, at about $5,000 a year.

The Warren Ackerman Estate has leased the building No. 11 West 34th street, for a term of years to William J. Roome. The building will be altered for store, office and bachelor apartments, and when completed Mr. Roome will occupy the store floor as a real estate office.

Joseph C. Hoagland has taken title to Nos. 564-568 5th avenue, which he will alter for business purposes. B. W. Williams, Jr., sold the property about two weeks ago to Chas. F. Miller, who immediately resold. Mr. Miller paid about $285,000 for the plot. The last buyer bought out the existing leases, paying about $5,000 for one of them.

REAL ESTATE NOTES.

Holdridge & Ward were the brokers in the sale of Nos. 207-213 Eldridge street, reported in our issue of June 18.

Among the names of Deputy Tax Commissioners recently announced appears that of Clarence J. Ramsey, the well-known real estate broker, of No. 111 Broadway.

Negotiations are under way and nearly closed for the sale of a plot 50x100 on one of the prominent crosstown streets above 59th street, the buyer being a prominent builder, whose operations have mostly been in the business district.

Robert Goelet has taken title to Nos. 1242 and 1248 Broadway, 5-story building on plot 83.9x104.7x78.74. The net price paid, it will be noticed, was $300,000, very considerably less than first reports had it.

The change of motive power on the 4th avenue railroad has not had the effect that the property-owners along the line anticipated. Inquiry along the line develops the fact that there has been so far no increased demand from either prospective tenants or buyers.

H. H. Cammann holds the office of acting controller of Trinity Church. The appointment was made on June 14 last, the late controller, S. V. R. Cruger, having requested leave of absense. The next regular meeting of the Wardens and Vestrymen will take place in September, when it is expected that a permanent appointment will be made.

William Hall's Sons, the buyers of the plot at the southeast corner of 5th avenue and 82d street, state that they do not intend to improve the property, but will sell to parties desiring to improve. This disposes of the report that the speculative builder had started to build, and thereby fixed the limit of a district for the building of choice residences by private parties.

R. Fulton Cutting, as will be seen by the Conveyances of this week, has bought from the City and Suburban Homes Company a plot 300x200.10, on the north side of 64th street, 213 feet east of 1st avenue, running through to 65th street. The company bought the plot, 200.10x513, from the Colored Home and Hospital, fronting on 1st avenue, from 64th to 65th street, in May, 1897, for $210,000, and now sells the rear plot to Mr. Cutting for $115,500, while retaining the avenue front and 213 feet on the side streets.

Trinity Church was well filled on Tuesday morning last with relatives, friends and business associates of the late Col. S. Van Rensselaer Cruger, whose funeral services were then conducted by the Rev. Dr. Dix, rector of Trinity, assisted by the Rev. Dr. J. Nevitt Steele, vicar of Trinity; the Rev. H. H. Washburn, of Oyster Bay, at whose church Colonel Cruger attended services when at his summer home; and the Rev. Dr. Edward A. Bradley, of St. Agnes' Chapel. The pall-bearers were: Stuyvesant Fish, Stephen H. Olin, Edward A. Wickes, Geo. V. N. Baldwin, Chas. C. Haight, Thomas Newbold, Gerard Beekman, and H. W. McVickar. Committees were present from the Real Estate Exchange, Union League Club, the Republican Club, the Loyal Legion, and other organizations. The committee of the Real Estate Exchange consisted of Horace S. Ely, Edward R. Bell and James M. Varnum. Other prominent representatives of realty interests present were: E. A. Leaycraft, Richard V. Harnett, H. H. Cammann, Chas. F. Hoffman, Jr., Geo. De Forest Barton, Benjamin Richards, C. W. Luyster, Max Ottinger, Richard Deeves, Benjamin Hardwick, Albert Bellamy, S. De Walltearss; John T. Boyd, Peter Wilkins and others.

The War Revenue Act caused the Register a busy week's work, the number of conveyances, leases, mortgages and assignments of mortgages increasing largely as the days went by in which those documents could be filed without the stamps called for by the act, until the last of those days, Thursday, when no less than 838 were filed, that being by all odds the largest number ever filed in one day, at the New York office. From early morning until the close of business at 4 o'clock, a long double line of waiting people was maintained. The title companies and the big realty law firms made heavy filings, and it is said one of the latter alone saved $600 to their clients, by getting their deeds, etc., on file before the act took effect. The aggregate saving effected in this way must have been a very large sum. For example, one mortgage for $265,000 on the Hotel Marlborough, which was among those filed this week, would have had to pay $132 had it been held back until yesterday. There seems to have been a general clearing up in the realty offices because documents dating back, some as far as the year before last, were noticeable among the filings. In Brooklyn also there was a great rush to avoid the taxes; the number of Thursday's filings running up to 535. The receipts of the N. Y. Register's office for Thursday were $1,500, estimated, to compare with from $400 to $500, which would be an ordinarily busy day's receipts. There was a great falling off yesterday, when only about 27 deeds and mortgages were filed.

CONCERNING REAL ESTATE AGENTS AND BROKERS.

Broker Henry Marks, of No. 2216 8th avenue, between 119th and 120th streets, is one of the most active and successful of the realty workers with headquarters north of Central Park. His success is due to an intimate knowledge of values, coupled with judgment and perseverance in offering his selections to investors. Mr. Marks' early training in the mercantile world is a tower of strength in his present calling. His lists of investment property, for sale, are most complete, and the placing of mortgage loans and the management of estates receive careful attention. His telephone call is 934 Harlem.

Questions and Answers.

Correspondents are respectfully requested to confine their inquiries to matters directly relating to real estate, building or architecture. All questions must be accompanied by the name and address of the inquirer, though not for publication; anonymous communications cannot be answered.

WAR REVENUE STAMPS.

To the Editor of THE RECORD AND GUIDE:

I note your editorial in this week's edition in reference to "War Stamps," and I desire to be enlightened on some indefinite provisions of such law. The law reads, "every deed, etc., where the consideration or value exceeds $100, and does not exceed $500, fifty cents, etc." Will you kindly explain who shall be the judge of the value of the property conveyed? Assuming that my deed expresses a nominal consideration, what would be the method of determining the value? Another question presents itself in this connection, and which is of great importance, and that is, shall the value of the property be determined by the value of the equity, or of the entire fee? For instance, I represent a client purchasing a parcel of land, the actual value of which is about $80,000, but which is mortgaged for $70,000, must we pay such taxes on the equity $10,000, or the full amount, $80,000? The former would be fair and the latter certainly would be unfair to compel us to pay a tax of $80, when our equity is so small.

Answer.—The law says where consideration or value exceeds $100. That is, whichever is the larger must rule. If either exceeds the prescribed amount, the tax must be paid. So it would apparently follow that in each case stamps must be affixed according to the larger amount, whichever that is. Parties to the instrument must determine value at their own risk. A small error honestly made will not be fatal, and a gross error is not likely to be made without design to evade the tax. Where mortgaged property is sold the value is the value of what passes by the deed, in such case the equity. But if the consideration named is the total value, that would govern the stamp required.

To the Editor of THE RECORD AND GUIDE:

Referring to your article in Record of June 25th, "The War Stamps," will you kindly print in your next an answer to the following questions: (1) Do all receipts for rents monthly or quarterly require a stamp? If so, to what amount? (2) The ordinary tenement house receipt for renting by the month only. Does such receipt require a stamp? If so, to what amount?

Answer.—(1) A mere receipt needs no stamp. (2) A receipt which should also express an agreement of letting and hiring would require a twenty-five cent stamp if for less than a year.—Law Editor.

To the Editor of THE RECORD AND GUIDE:

For the convenience of your readers, would you kindly state according to the Revenue Law, 1. What license a real estate broker is expected to take out, and where said license is to be obtained; also, 2. What stamps leases and contracts should bear?

Answer.—1. The section of the law relating to brokers makes no mention of real estate brokers, and hence the favorable assumption is that they do not have to take out a license. 2. See articles in Record and Guide of July 18th and 25th.

CANNOT PAINT HIS HOUSE.

To the Editor of THE RECORD AND GUIDE:

A person desires to paint his house. The party owning the adjoining property objects to his swinging a scaffold over their property. Will you kindly inform me through your paper if they can prevent him from painting, and oblige.

Answer.—The adjoining owner can prevent him from swinging a scaffold. According to Blackstone, a man who owns real property owns to the centre of the earth and to the zenith; hence, if you swing a scaffold you are committing a trespass. I do not see how it will be possible for you to paint the house without committing a trespass, even though you do not use a scaffold.—Law Editor.

CORRECTED BILL FOR TAXES.

To the Editor of THE RECORD AND GUIDE:

In December last I paid tax on a piece of property consisting of two lots and house. Was surprised at the lowness of bill, but paid same, receiving my receipted bill. To-day I receive a corrected bill informing me that I owe still about four times what I have paid. It is not my intention or desire to shirk my bills, but as the city (according to a printed footnote on its bills), is not and will not be responsible for any error when paying bills, I fail to see the honesty or the honest intention of a city that wants its errors corrected and refuses to remedy the individual, and I request you to apprise me if I can be forced to meet this bill through any process of law, etc., and if so, how? (2) Property is on market and I am desirous of leaving; can city take any action that would cloud title of same or record same in arrears, or by direct suit recover the same? In short, since the city will not remedy its errors, can it force what it refuses to do? Is not the first bill a release of all indebtedness for taxes, and the second bill (if corrected) perquisites for somebody†

Answer.—The correction being made on the tax books, the position is the same as if the amount had been correctly entered at first. If you do not pay the tax (as corrected) it is a lien on your property, and in due time your property will be sold for this tax. That is the process by which the payment of taxes is enforced, not by a suit at law. So long as the tax appears upon the books as unpaid it is a cloud upon your title. The payment of the first bill is not a release of all indebtedness for taxes. If you suspect that there is something wrong, and that somebody is going to make a "perquisite" of the excess which you are called upon to pay, examine the tax books for yourself and see if the correction has been made upon them.—Law Editor.

BROKER'S COMMISSION.

To the Editor of THE RECORD AND GUIDE:

Will you kindly answer the following in your next issue: A, being a broker, calls on B, and receives from him verbally particulars about his house with the privilege of selling. A year later A sends a buyer to B, who shows the house and opens negotiations with buyer direct, ignoring the broker. A calls on B in reference to the matter, and B states that he has never given the house to A for sale, and refuses to pay commission in case of sale. A's buyer eventually buys B's house. Has A a just claim on B for commission?

Answer.—The fact that a year elapsed from the time of the employment of A and his procuring the customer has no bearing on the merits of the case, if in the meantime A's employment was not revoked by B. As the query reads, the issue between A and B is whether A was employed at all. If A can satisfy a judge or jury that he was employed he should recover his commission if he brings suit.—Law Editor.

CONVEYANCES.

Wherever the letters Q. C., C. a. G. and B. & . occur, preceded by the name of the grantee, hey mean as follows:

1st—Q. C. is an abbreviation for Quit Claim eed, i. e., a deed wherein all the right, title nd interest of the grantor is conveyed, omitting l covenants or warranty.

2d—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby he estate conveyed can be impeached, charged r encumbered.

3d—B. & S. is an abbreviation for Bargain and ale deed, wherein, although the seller makes o express covenants, he really grants or conveys the property for a valuable consideration, nd thus impliedly claims to be the owner of it.

The street and avenue numbers given in these ists are, in all cases, taken from the Insurance aps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do ot correspond with the existing ones, owing to here having been no official designation made f them by the Department of Public Works.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.

Editor Record and Guide:

Lien against A. Quackenbush and The Jamestown Mantel Co., Amsterdam av., s. e. cor. 106th st., entered by Semon Badie & Co., for $139 09, is unjust. We have paid them all that is due them, and held back $50.00 which is on account of defective work; balance will be paid at once when defective mirrors are replaced by them.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

JUDGMENTS.

In these lists of judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real name being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in the list of Satisfied Judgments.

MURESCO!

It is a permanently hard wall finish. Over plaster it produces soft, even tints, giving the effect of kalsomine, without the flashing, with none of its disadvantages. It does not rub off against the clothing; will not crack nor peel. It will kill suction, and give a smooth, soft, even coat over an old plastered wall that has been patched. It comes in fifteen artistic colors and white.

You may have a color card and full information about Muresco for the asking.

Vol. LXII. JULY 9, 1898. 1,582

On the 23d of July we will issue the Index to Volume LXI. of the Record and Guide, covering the period between January 1st and June 30th, 1898. Price $1.00. This Index in its enlarged form is now recognized as indispensable to every one engaged or interested in real estate and building operations. It covers all transactions—deeds, mortgages, leases, auction sales, building plans filed, etc. Orders for the Index should be sent at once to the office of publication, 14 and 16 Vesey Street.

THE victory at Santiago, when the Spaniard offered himself as a victim to our naval pride, caused a rally in the stock market, which was very promptly used by large interests to enable them to unload. Last week we warned our readers that there were interests anxious to sell, and events have justified our remarks. Of course the rally was slight under the circumstances, and since Monday, while an appearance of activity has been kept up in the quotations, business has been quite dull. Just now it is not a question of victories by land or sea that will move the stock market, but one of the public having had enough for the time being, and of the necessity of waiting until they are in the mood to buy again. Appearances of activity in particular directions are deceitful, and if not exactly desperately wicked, judged by the easy morality of Wall Street, are desperate attempts of some individuals to cajole other individuals to carry stocks that the first individuals are convinced have reached the top swing of values for the time being. The outcome of the war is so certain, and has been so so long, that it has already been discounted. If it is to have any effect at all, it is likely to be unfavorable—barring little exhibitions of enthusiasm like that of last Monday—through complications which make our task look harder than it does now. But the consequences of our dealing with Spain alone have all been consumed in the market reckoning. If Germany has any inimical intentions towards us their appearance among the present conditions would have an adverse effect on prices, and that there may be some such development is a suspicion that persists in the public mind and may have something to do with the stagnation that has fallen upon the stock commission business. Congress, by passing the Hawaiian annexation act, and the President, by signing it, evidently believe public opinion favors a much larger policy of territorial expansion as a result of the war, and the moneyed public, aware that this will be the interpretation put upon the act abroad, are apparently inclined to await developments.

MONEY seems to be booked for a considerable period of cheapness, and, as the Governor of the Bank of England recently told the London bankers, for the next few months the profits of the banks will be small, a fact that ought to keep paying securities strong, though it suggests that speculation is ended for the period mentioned. Natal, Holland and the Transvaal Republic are recent borrowers in the London market. Brazil's bankruptcy and proposals for a readjustment of its debt, and the recent panic in Chili on the large exportations of gold and the closing of the banks, are drawing unfavorable attention to South American securities. The foreign correspondents in Argentina do not describe the commercial or the treasury situation there in cheerful terms, and the liability of the boundary dispute with Chili to develop ugly phases aggravate the situation. The British iron and coal companies have recently issued their reports, which, taken as indicative of the general business situation, are always interesting. The record is curiously variable in character, companies engaged in the same class of business in different parts of the country having in some cases improved on previous results, while others show a falling off. Generally, however, it may be observed that the coal trade was more active last year than perhaps at any period since the great coal strike, and the benefit to the limited companies was in some few instances sufficiently pronounced to enable them to increase previous dividends or to resume them where there had been a cessation. Companies with colleries and ironworks combined did rather better as a rule than in the previous year, while, as regards steel-producing companies, the record would probably have been uniformly favorable but for the engineering strike, which caused a partial paralysis in the demand for certain classes of the product in the later months of 1897. A volume of statistical tables, with diagrams, has been issued by the French Customs Department, giving the movement of trade and prices during the ten years 1887 to 1896, with the object of showing that the protective tariff of January, 1892, has not produced the disastrous effects on French trade alleged by its adversaries. For that purpose a comparison is made between the annual averages of imports and exports in the period of five years, 1887 to 1891, preceding the new tariff, and that in the five years, 1892 to 1896, following it. The result is to show that if there is an apparent decline in trade it is due to the fall in prices, whereas if the quantities in the two periods are compared, there has been an increase since 1892, especially in the French exports. The following is a recent opinion on the state of the security market at Berlin: The state of the market begins at last to show the effects of past extravagances and of certain apprehensions concerning the future, which all spring from the obvious and generally admitted fact that the level of quotations is too high and cannot be sustained. Were it not for the buoyant business in the coal market, and partly in the iron and steel trades, all this speculation would have come to grief long ago. One of the dangerous features of the European business situation is the uncertain fiscal and political position of the chief countries of Southern Europe, Spain, Italy and Austria having each their peculiar and threatening features, which must be at least allayed, if not removed, before confidence can return to these enormous territories.

"SLIP APPLICATIONS" FOR ALTERATIONS TO BUILDINGS.

MUCH dissatisfaction is expressed in building circles that the use of simple blanks, known as "Slip Applications," for unimportant alterations to buildings has been abolished in the Department of Buildings. Where slight alterations were desired to be made, not affecting the constructional parts of a building, such, for instance, as putting in new front windows and door entrance to a store, or an additional skylight, the use of a "Slip" proved a great convenience to builders, as it obviated the filling out of an elaborate blank requiring answers to a multitude of questions covering depth and thickness of foundation walls, thickness of upper walls, size of floor beams, materials of roof, and a lot of other things that were not affected by the work proposed to be done, and correct answers to which were difficult if not impossible to make unless much trouble and expense were incurred in obtaining information that was really unnecessary to give. Many trifling alterations are not ordinary repairs such as the building law says can be made without notice to the Building Department, nor can they be defined as material changes to a building, and yet a builder knows that he must make an application to the department if he would avoid the service of violation papers and consequent trouble. For such cases "Slip" blanks were provided.

Slip Applications were instituted by Mr. Brady when he was Superintendent of Buildings some five or six years ago. The blanks simply required a statement of location, owner and builder's names, a brief description of the proposed work, and the cost of the work was limited to five hundred dollars. An examination by an inspector of buildings followed, and upon the inspector's favorable report the application was approved. When Mr. Brady's successor took office he found that abuses had grown up under the use of Slips, and so he added a new feature; the applicant was required to make oath that he had stated all the alterations or repairs he proposed to make, and a stipulation that all provisions of the building law would be complied with in carrying out the work. No oath is required to the statement contained in an ordinary application for repairs, but only in Slip Applications; still no grumbling followed the requirement that a slip statement must be sworn to. Now, suddenly and without notice to the public, the Department abolishes all Slip Applications, because it was found about a month ago that abuses had grown up in the way of applicants filing slips for constructional features and misrepresenting the cost of the alterations.

The building public has grown accustomed to the use of Slip Applications: these blanks were appreciated from the start for their simplicity and convenience, and their abolishment is deplored. If certain applicants have exceeded the amount of work to which they swore they would confine themselves, then each

such person should be pursued for perjury. If applicants have obtained permission to make important structural alterations under slips, then more care should be exercised by the subordinates in the building department to see that the work proposed in a slip blank is within the limitations of what was originally intended to be allowed under such blanks. Certainly it seems wrong that the greater number of applicants should be cut off from a simple method because a few have abused the privilege. Commissioner Brady is being confidently looked to to simplify the task of architects and builders in transacting business in the Department of Buildings and to reduce the red-tape annoyances that still surround efforts to improve real estate, and in this direction it is to be hoped that he will restore to the building public the use of slip blanks, even if their form has been found from past experience to need modification.

THE MUNICIPAL ASSEMBLY.

Below is a summary of the business directly affecting interests of real estate owners in the Boroughs of Manhattan, The Bronx and Brooklyn, which came before the Municipal Assembly at its meeting on Tuesday last:

COUNCIL—MANHATTAN AND THE BRONX.

THE ASSESSMENTS FOR 1898.

The assessment rolls for 1898, as revised after hearings by the Board of Taxes and Assessments, were submitted to the Municipal Assembly last Tuesday. The assessments are for the Boroughs of Manhattan and The Bronx; those for the other boroughs having been made before consolidation. Among the duties of the Municipal Assembly in respect to the assessments is to figure out, and fix by resolution, the tax rate for the year, which, according to the President of the Tax Board, will be in the neighborhood of 2.02, as against 2.10 last year. The tax books must be delivered to the Receiver of Taxes on or before Sept. 1.

The books show an increase over last year in the assessed valuation of real and personal property of $196,854,516, which exceeds by some ninety millions of dollars the largest increase recorded in any previous year. Of this extraordinary increase, the larger part is credited to two classes of personal estate, resident and non-resident, namely, $134,485,344; the third class of personalty, shareholders of banks, etc., showing a decrease. The increment in real estate is $69,281,132, an increase exceeded only in 1896. The net result is that while in 1897 more than nine-tenths of the tax fell on real estate, in 1898 real estate carries less than eight-tenths of the tax.

The assessment rolls were compiled under the direction of the Board of Taxes, which went out with Mayor Strong's administration. The work of the present board has been in the nature of revision on application by property owners who claimed to have been assessed at too high a figure. In speaking of the work of the present board, President Feitner said: "There have not been many decreases. Of the notable decreases, one is due to the exemption of property taken by the city. The other, namely, the decrease in assessments against railroad companies, is accounted for by a recent decision of the courts, which holds that under the decision of the Court of Appeals, in the case of the Union Trust Company (1891), the assets of a corporation and not its capital in share stock are assessable. As the franchises of railroad companies form part of the value back of their share stock and cannot be taxed, such corporations are almost totally exempt in respect of their personalty, although liable, as all others, on their realty. The board expects to make a suggestion in its next quarterly report to meet this condition—to see whether the city cannot obtain a change in the law so that an equitable assessment can be made on corporations. Such a change would make a difference in the total assessed valuation of $100,000,000."

The Building Trades

Building Material Market.

BRICK.

The arrivals of Hudson River brick for the week have amounted to 54 barges. Of these some 47 have gone out, leaving a slight accumulation on the market. Demand is good, but it has not been quite equal to the supply, on account of the desire of manufacturers to ship all the brick possible before the 4th of July. This fact, together with the heat and the holidays, has somewhat held back sales. The market, however, is steady at $5.50@6.00. The call for pale brick is very strong, but the offerings are light. Value has advanced a trifle to $3.75 full. New Jersey brick are rather slow, but prices remain unchanged at $5.50@5.75. The strike is still on at Haverstraw, and there is no prospect of its being settled for another week at least.

CEMENT.

The cement market in general remains in a somewhat uneven state. In common with all the building material markets it has been affected by the holidays, but aside from that, it shows no change from the conditions which have prevailed for the past fortnight. Rosendale cement is inactive, but value remains steady at 65@70c. Imported Portland cement is having a good call, and supplies are being absorbed as rapidly as they are put forward. Importations have become fairly large, but there is little doubt that if the supply was considerably larger it could be readily disposed of.

LIME.

There will probably be a resumption of work at the kilns during the coming week. A small supply of Rockland came in during the past week, but it proved amply sufficient to satisfy the holiday demand. Values show no change and are at 75c. for the common and 85c. for the finishing. Slate lime is a trifle dull, although prices remain steady at 70c. The call for Jointa is light at former value, $1.00.

LUMBER.

The size and complexity of the lumber market are such that, although the market as a whole is gradually getting on a better footing, some of its component parts are much slower to rally. The spruce market, for instance, is exceedingly dull and has revived little from the depression of a month ago. The local market in general is looking forward to a good midsummer trade.

LATH.

The arrivals of Eastern spruce lath for the week have been exceptionally heavy, amounting, all told, to about 8,000,000. This large supply, coming after the scant arrivals of the past few weeks and directly after the 4th of July, is very unusual. Still more so, however, is the demand, which has easily absorbed all the offerings and with no shading of values. Prices were $1.70@1.75. The supply on the way at present is considerably smaller than that received this week.

NAILS.

The nail market has been dull and featureless and the amount of business transacted has been small. Quotations on wire nails are: $1.30@1.35 for carload lots f. o. b. mill, Pittsburg, base; $1.45@1.50 for carload lots on dock, New York, and $1.55@1.60 for small lots from store. The demand for cut nails is small, but values hold at the advance established last week of $1.17½@1.20 for carload lots on dock, New York, and $1.25@1.30 for small lots from store.

PAINTS.

The unusually large reduction in the price of oil has had, as yet, no effect upon the paint market. Dry colors are having a fair sale, considering the season. The demand for white lead and red lead is only moderately large, but values show no change. There is no change in the prices of the National Lead Co.

OILS.

The price of seed has rallied somewhat after the heavy decline of last week, but it has by no means recovered its former value. It is probable that it will rise still further in the near future. Linseed oil has not become any stronger in consequence of this advance in the raw material, as the demand is not good. Out-of-town crushers quote several cents lower than city crushers. The movement of oil has been slow. Prices are unchanged and quotations are 41c. for 5-bbl. lots and over, and 42c. for less than 5-bbl. lots, with an addition of 2c. per gallon for boiled and refined. Calcutta is quoted at 54c.

GLASS.

The holidays seem to keep the amount of business done in the glass market down to a minimum. Fourth of July week is always a dull one in the building material market, and in the present instance the calendar giving nearly a half week of inactivity has served to quiet business somewhat beyond the usual degree. Discounts on American window glass remain at 80 and 80 and 5%. The market for the French window glass is firm at 85 and 10 and 5% discount, with a slight upward tendency in sympathy with the advance in the European market. Plate glass is quiet but unchanged at 80 and 5% and 80 and 10% discount.

NAVAL STORES.

Spirits of turpentine has eased off somewhat, although the market has held steady at the new values for the greater part of the week. Values at the close were quoted at 26c. for regular and 26½c. for machines. The volume of business transacted has been slight, the jobbers doing the greater part. Tar is firm at $1.90@ 2.00 for regulars and $3.50@3.62½ for oil barrels, but the inquiry is only moderate. Offerings were small. There is little activity in pitch, but the market is steady at $1.75@1.80.

OF INTEREST TO THE BUILDING TRADES.

Henry A. Smith and William S. Covell, architects, have opened an office at No. 35 Nassau street.

Ward Cunningham, architect, formerly of No. 448 Amsterdam avenue, has removed to No. 217 West 125th street.

Geo. W. Kenny, architect, formerly of No. 259 9th street, Brooklyn, has removed to No. 598 11th street, same borough.

The comfort station in City Hall Park, which is practically completed, will probably be turned over by the contractor to the municipal authorities next week.

Leonard K. Prince, of the Prince & Kinkel Iron Works, Nos. 553 to 557 West 33d street, is undergoing an operation for varicose veins at the New York Hospital.

The Park Board has granted permission to the New York Zoological Society to construct, in Bronx Park, the buildings mentioned in our last week's issue. Work will begin at once.

Contracts have been awarded for the extension of the mezzanine floor in the Post Office Building, to obtain additional storage room for light material, as envelopes, postage stamps, postal cards, etc.

The partnership of Kimball & Thompson, the architects, has been dissolved by mutual consent. Both of the late partners will continue in business, but each for himself. Mr. Francis H. Kimball has taken offices on the twenty-first floor of the new Empire Building, designed by the firm, and Mr. Geo. Kramer Thompson retains the offices in the Manhattan Life Building.

The new 3-story annex to the Municipal Building in Crotona Park is very nearly ready for occupancy. According to present intentions, the first and second floors will be assigned to the Department of Finance for the use of the Auditing Bureau, the Bureau for the Collection of Assessments and Arrears, the Bureau for the Collection of Taxes, and the Deputy Tax Commissioner. The third floor will be occupied by the Department of Sewers.

At the meeting of the Board of Estimate and Apportionment on Thursday, the Commissioner of Highways was authorized to change the Riverside Drive Viaduct contract so that granite instead of limestone should be used. The board appropriated $5,000 to prepare a site for the Heine fountain in Bronx Borough. $40,000 was appropriated for a pumping station on Riker's Island, and $32,000 for new sewers in Brooklyn and for dredging Gowanus Canal.

The hold-up of the $23,000,000 appropriation by the Brooklyn aldermen will probably result in a temporary stoppage of the work on the East River Bridge at the beginning of next year. The work now in progress on the four tower foundations and the two anchorages will be completed by the end of the current year. But in the absence of money no contracts can be let for the steel towers and end spans, which will come next in the course of construction, and which will require about $1,000,000. About eight months will be needed to manufacture the steel parts for the towers and spans.

The following statement shows the number of permits issued for new buildings and alterations in Brooklyn during the month ending June 30, 1898, and the estimated cost of the same: Brick buildings, 136; frame buildings, 229; total buildings, 365 Alterations, 198. Total number of permits issued, 563. Estimated cost of brick buildings, $920,916; estimated cost of frame buildings, $487,742; total estimated cost of buildings, $1,408,658. Estimated cost of alterations, $135,289. Total estimated cost, $1,543,947. Total estimated cost for June, 1897, $1,387,605. Excess in favor of June, 1898, $156,342.

Theodore De Lemos, of De Lemos & Cordes, No. 130 Fulton street, arrived this week in the City of Mexico, where his firm has the architectural commission for an expensive mercantile building for Robert Boker & Co., as noted in our issue of May 21. Mr. De Lemos will be absent from New York about three weeks.

With a view to making the club house of the Builders' League as attractive as possible to members during the absence of their families from town, arrangements are being made for a two weeks' pool tournament to be held shortly, while a bowling contest will follow next month. The secretary's office has been removed from the library, off the main entrance, to the third floor, and the club house will hereafter be in charge of a clerk, instead of the secretary. The secretaryship, vacated by the resignation of Mr. Du Bois, will be filled by the Board of Directors Thursday of this week. No salary will hereafter attach to the position.

Thursday of this week, namely, on the 7th day of the 7th month, seven members of a coterie known as The Goats, assembled in Room 21, at the Manhattan Beach Hotel, to dine and wine, and incidentally to inaugurate a magnificent silver loving cup, executed by Reed & Barton. The token bears on its front the image of a goat's head, and contains this legend: "This cup is a token of the friendship, confidence and fidelity that exist among the Goats. Its ownership is vested in the coterie until there be but one of the seven living; then it bcomes the property of such last survivor." The coterie comprises seven members: Chas. A. Cowen, Warren A. Conover, Stephen M. Wright, Augustus Meyers, Ronald Taylor, John J. Roberts and Lovell H. Carr, each of whom is, or has been, an officer or executive member of the three societies, the Mechanics' and Traders' Exchange, the General Society of Mechanics and Tradesmen, and the Building Trades' Club. The coterie is a result of the circumstance that its members happened, during the last five consecutive years, to be among the delegates from the Mechanics' and Traders' Exchange to the annual convention of the National Association of Builders.

MEETINGS FOR THE COMING WEEK.

TRADE NOTES.

WORK RECOMMENCED.

The work on William Jeffery's four apartment buildings at the north side of 135th street, 125 feet west of St. Ann's avenue, has been started. It was tied up by the failure of Gaul & Morris, the stone contractors, which made it impossible to reach the payments and to meet the material men's demands. However, they have finally released Mr. Jeffery from all claims and arranged for him to finish the buildings; their interests being preferred to any profit which he may realize. The buildings are to be ready by Sept. 1. The permanent loan has already been secured.

THE DUFFY PLASTER BOARD.

The "Duffy" Plaster Board, made of alternate layers of wool fibre felt and the best plaster, is highly appreciated from every point of view, for walls, ceilings, partitions, and hallways, or any place where lath and plaster or metal lath is used. This board is furnished in stiff, strong sheets, size 32x36 inches, that can be nailed to anything that will hold a nail, and presents a plain surface of wool fibre felt to which the plaster will readily and firmly adhere. It does not warp, crack or shrink, and can be put up in quick time, and at small cost. It has been approved by the Department of Buildings (a valuable recommendation in itself), and has been used and is being used with most satisfactory results on hundreds of buildings in and around the city. The board is, moreover, fireproof and can be used anywhere in place of metal lath. It is certainly a decided improvement in every way and by no means an experiment. Some of the best builders in the city have used it and pronounce it a great success. What has been said of its merits is fact, not theory, and the proprietors verify it by pointing to the buildings where their plaster board has been used. Their outside men on sewer and drain pipe, wall coping, flue linings, etc., daily cover all portions of the city, and will be pleased to call on builders, architects and owners and show samples of the "Duffy" Plaster Board, or those who desire can call or write J. P. Duffy & Co., 4th avenue and 138th street, 136th, 137th, 138th and near 139th streets, New York City. Telephone, 634 Harlem.

The Real Estate Market

Real Estate Market.

The business reported from the private sales market this week is very small in amount and quite unimportant in character. The heat, the holidays and the fact that the public for the moment is quite indifferent to real estate investments account for this. Our reports below contain only 20 items. In six of these the considerations are given, and amount only to $181,500, to set in comparison with 51 transactions reported last week, including 14 with considerations making a total of $1,726,000, or leaving out two which absorbed $1,450,000 of this amount, 12 making a total of $276,000. The record this week is typical of real estate business in the summer months.

The following are the comparative tables for the New York Conveyances, Mortgages and Projected Buildings for the corresponding weeks of 1898 and 1897.

It would be hard to recall a duller auction week than the one just closed. In the first place the list of intended offerings was very light, and in the next place quite a considerable part of the property listed was withdrawn for want of a market, and for other reasons. Monday's Brooklyn lot sale, by Jere. Johnson, Jr., Co., on the Jane Robert estate, was quite successful, so far as it went, but it was cut short by the storm of that day. It is reported that 750 lots were sold for a total of about $150,000. Of course no business was done that day in the Broadway Salesroom, where the week opened on Tuesday with the sale, by Wm. M. Ryan, of the 4-story tenement, No. 34 Orchard street, which was said to produce $1,800 a year, at the moderate price of $17,200. The offering of 21 lots belonging to the estate of the late Capt. Richardson, about whose property there has been so much dispute, resulted in the sale of five, but at such low figures that the auctioneer, Richard V. Harnett, withdrew the other 16. On Thursday there were no sales, the parcels announced for sale that day being either withdrawn or their sales adjourned. Yesterday three unimportant parcels were disposed of in foreclosure, two to plaintiffs. The adjournments to dates beyond next week were No. 420 East 70th street, by John N. Golding, to 20th inst.; No. 36 West 120th street, by Peter F. Meyer, to 21st inst.; parcels on map of Givan Homestead, by Wm. Kennelly, to 20th inst. The withdrawals were: No. 205 East 116th st, and Nos. 734 and 736 Elton avenue, by James L. Wells; No. 241 East 75th street, by Peter F. Meyer; plot on north corner Hunt's Point road and Lafayette avenue, by Thompson & Pryor.

Richard V. Harnett & Co. announce, on another page, the sale by order of the Supreme Court in partition of No. 240 Elizabeth street, on Monday next, the 11th inst., at the New York Real Estate Salesroom, No. 111 Broadway. This property consists of a lot 20x60x87.9 with a five-story and cellar brick building and store on Elizabeth street in the middle of the block between Prince street and Houston street. Maps and full particulars of the sale may be had at the office of the auctioneers, Nos. 71 and 73 Liberty street. Mr. James A. Lynch, of 99 Nassau street, is attorney for the plaintiff.

For Sale.—Lease of Two Desirable Connecting Offices, 9x16 each, on first floor of Trinity Building, No. 111 Broadway, with southern exposure, overlooking Trinity Churchyard, and close to rooms of the Real Estate Board of Brokers. Apply Room 24, No. 111 Broadway.

REAL ESTATE NOTES.

William Hall's Sons paid $65,000 for the plot 102.2x100, at the southeast corner of Park avenue and 75th street, mentioned in our issue of June 25.

David Stewart, the well-known real estate broker, was married on June 29, and is now on his wedding trip. He will be gone about two months.

H. Rinaldo & Bro. were the brokers in the sale of Nos. 209-213 Eldridge street, mentioned in our last issue; the price at which the property sold was $65,000.

The report that No. 678 Broadway had been sold by Leo. Schlesinger is denied. Negotiations for the sale are, however, under way, and contracts may be closed next week.

The bridge over the Harlem at 3d avenue was opened on Monday, but closed again the same day to permit the work to be finished without interruption. It is to be opened permanently in two or three weeks.

The appointment of oJhn P. Windolph as Aqueduct Commissioner, by Mayor Van Wyck, is a very popular one. Mr. Windolph is well known in realty circles, being engaged in the real estate brokerage business at No. 92 Liberty street.

Mr. Herman De Selding, of De Selding Bros., will spend the balance of July at Buzzard's Bay, Town of Falmouth. Boating and fishing will largely interest Mr. De Selding until his return in August, when his brother, J. S. De Selding, will go away for a month.

No. 119 West 42d street, reported as sold in our issue of June 11, was traded by the Metropolitan Improvement Co. for two 4-story dwellings on the south side of 91st street, 250 west of West End avenue. Joseph E. Weed is the owner of record, and the consideration given in the deed is $120,000.

A name has not yet been selected for the handsome ten and eleven-story apartment hotel now building at the south corner of Columbus avenue and 80th street, by the Imperial Construction Co. Messrs. Jesse C. Bennett & Co., of Columbus avenue and 76th street, who have been selected as renting agents, report a lively inquiry for apartments, which are likely to be ready by Oct. 1. There will be five stores and forty suites of 2, 3 and 4-rooms each, with baths. Like the "Schuyler," on West 45th street, erected by the same company, the 80th street structure is of strictly modern construction and arrangement.

Despite the heavy filing of last week, the work of the Register's Office has returned to its normal volume for the time of the year. There was a falling off early in the week, but Thursday's deeds, etc., numbered about 170, which is about the ordinary number for a full summer day. Late last week and early this there was a falling off. Last Friday 24 papers were filed and on Saturday 43. Tuesday, the first business day of this week, there were 69, on Wednesday 102, and and Thursday, as before stated, about 170. Some difficulty was experienced at first in procuring stamps, but a little industry overcame it, and now things are working easily. Deeds from The Bronx were a feature of the week's filings.

Corporation Counsel Whalen submitted to the Board of Estimate and Apportionment, at its last meeting, an opinion in answer to questions of the Comptroller, in which he held that, in proceedings for the acquisition of land for parks and school sites, bills of costs and other expenses should be paid, if the titles to the land had been vested in the city prior to Jan. 1. If the titles had been acquired since that date, he added, the city could not issue bonds to pay awards or costs, as the new city of New York was beyond the constitutional debt limit when it began its existence. In accordance with this opinion, the board refused to approve several bills of costs. Proceedings for acquiring several school sites must be abandoned, under the opinion, because titles had not been obtained by the former city of New York. Among these sites are, one in East 65th street, estimated cost, $149,040; one at Jerome avenue and 181st street, $25,618, and one in 6th street, between Avenues B and C, $25,732. The Corporation Counsel held that awards and bills of cost should be paid in the proceedings for acquiring land for the 11th Ward and Colonial Parks, as titles were vested in the city before it had exceeded the debt limit.

VACATION ADDRESSES.

The following are some additions to the list of vacations addresses, the publication of which was begun in our last issue:

Questions and Answers.

WAR REVENUE TAX ACT.

To the Editor of THE RECORD AND GUIDE:

Will you kindly tell me if real estate brokers come under the head of "Commercial Brokers," for a $20 war tax, or are they taxed at all? (2) Also who should pay for the stamps on leases, contracts, etc.? Does this expense fall on the broker, the purchaser or seller? It is going to cut quite a figure in the expense item where a number of small amounts are involved.

Answer.—(1) I do not think they do. There is no clause in the law by which real estate brokers, as such, are required to pay anything. (2) The law reads that the persons who make, sign, or issue, or for whose benefit are made, signed, or issued, certain documents mentioned in Schedule A of the act, are to pay the stamp tax. The landlord who executes a lease, the mortgagee who executes a mortgage, the grantor who executes a deed, etc., is required by the law to affix the stamp and to cancel it by writing upon it his initials and the date of the transaction. "In any and all cases where an adhesive stamp shall be used, for denoting any tax imposed by this act except as hereinafter provided, the person using or affixing the same shall write or stamp thereupon the initials of his name and the date upon which the same shall be attached or used, so that the same may not be again used."—Law Editor.

To the Editor of THE RECORD AND GUIDE:

If the owner or agent gives a receipt, say, "Received of Mr. —— $3 on account of rent of second floor, house No. —, —— street, let to Mr. ——, at the monthly rent of $10, payable in advance, rent to commence Aug. 1, 1898; balance of $7 to be paid before possession is taken," would the above be considered a lease or agreement requiring a stamp?

Answer.—I think it would.—Law Editor.

CONVEYANCES.

Wherever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants or warranty.

2d—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed can be impeached, charged or encumbered.

3d—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no express covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the Insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded. Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent. Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.

JUDGMENTS.

In these lists of Judgments the name, alphabetically arranged, and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real name being unknown. Judgments entered during the week, and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

BUILDINGS PROJECTED.

THE LAWS AFFECTING BUILDING.

There has not been any book on the market containing all the laws and regulations relating to building in New York City; yet the need of such a volume is plain enough, because a building from its foundation to its final demolition is subject not only to the building law, but to special regulations of the building department concerning passenger elevators, fire-escapes, light and ventilation and plumbing. There is also a law limiting the height of dwelling houses and another requiring temporary flooring. There are the tenement house and lodging house laws, laws relating to the extinction and prevention of fires and explosives, and the storing of combustible materials in buildings. Moreover, there are very important fire department regulations which must be observed in the installation of electrical apparatus, and there are, of course, all the regulations of the department of public works concerning Croton water rates and the use of water, the opening and refilling of trenches and restoring of street pavements; in addition to ordinances pertain-architect, builder, building material man and real estate owner must be familiar with these laws and regulations; if he is not, he suffers. They are now all gathered together (with a directory of architects) for the first time in one volume, illustrated, indexed and supplied is $2.50. Record and Guide, Publishers, 14 and 16 Vesey Street.

The first name is that of the owner; ar't stands for architect, m'n for mason, c'r for carpenter and b'r for builder.
When character of roof is not mentioned it is to be understood that the roof is to be of tin.

Questions and Answers.

RAINES LAW.

To the Editor of THE RECORD AND GUIDE:

Kindly answer the following question: Owning a piece of property near a church and wishing to obtain a hotel license I would like to know whether a hotel license can be obtained without being 200 feet away from a church?

Answer.—The provosions of the law are as follows: "Traffic in liquor shall not be allowed . . . under the provisions of subdivision 1 of section 11 of this act, in any building, yard, booth or other place which shal be on the same street or avenue and within 200 feet of a building occupied exclusively as a church or school-house; the measurements to be taken in a straight line from the center of the nearest entrance of the place in which such liquor traffic is desired to be carried on," etc.—Law Editor.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

JUDGMENTS.

In these lists of judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real name being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in the list of Satisfied Judgments.

MURESCO!

It is a permanently hard wall finish. Over plaster it produces soft, even tints, giving the effect of kalsomine, without the flashing, with none of its disadvantages. It does not rub off against the clothing; will not crack nor peel. It will kill suction, and give a smooth, soft, even coat over an old plastered wall that has been patched. It comes in fifteen artistic colors and white.

You may have a color card and full information about Muresco for the asking.

Vol. LXII. JULY 16, 1898. 1,583

The Index to Volume LXI. of the Record and Guide, covering the period between January 1st and June 30th, 1898, will appear on Saturday next, July 23. Price $1.00. This Index in its enlarged form is now recognized as indispensable to every one engaged or interested in real estate and building operations. It covers all transactions—deeds, mortgages, leases, auction sales, building plans filed, etc. Orders for the Index, accompanied by $1.00 for each, should be sent at once to the office of publication, 14 and 16 Vesey Street.

AN industrious body of professionals have kept the Stock Market looking active this week, but a comparison of prices between now and a week ago shows on the whole rather to the disadvantage of the present time. From this remark some special issues of bonds, which are particularly well affected by business developments, should be excepted; but they are, though in a pronounced degree, only the exceptions that always appear in the market. Attempts have been made to make much of the victory of Santiago, but a thing that has long been anticipated cannot influence the market when it transpires. In fact nothing can be of benefit while the public is indifferent, as they are now and naturally are, seeing the big buying and advance we have had in the past three months. There are in the outlook more changes for unfavorable than favorable developments, especially on our political horizon. Whether Spain makes peace now or later makes very little difference to our commercial and industrial situation, the nature of the conclusion is foregone, but much depends on the laying out of the future national policy and the manner of its reception by other nations. The Subig Bay incident is proof positive that Germany has the will to be mischievous, and the comments of the German press thereon show clearly that any attempt to add to the colonial possessions of the Fatherland will receive the unanimous endorsement and backing of the German people. We may, therefore, look for a German finger in the Philippine pie when that question has to be disposed of. This need not lead to extremities between ourselves and Germany, and, indeed, is very unlikely to, but it may create an ugly complication, and one full of danger. The Government and Naval and Military authorities have so far acted with admirable prudence so as to insure success to their plans; they need now to be more prudent than ever, because if they hereafter get themselves and the country into a difficult or awkward position that will be Germany's opportunity, and anyone who thinks it will not be accepted does not know either that people or their rulers. While the Stock Market is rendered dull by these facts and another fact, that prices are high, general business is good and improving, testimony to which is found in the annual report of the H. B. Claflin Co., which records its experience in these words: "During January and February our trade was excellent, but the Maine disaster and consequent expectation of war caused serious mercantile depression in March and April, from which the country is now gradually recovering. Great agricultural prosperity and large importations of gold have in the past been followed invariably by notable activity in trade. Such considerations point to a material improvement in general business during the coming half year."

CAPITAL applications in London in the first half of this year amounted to £86,211,000, or £10,000,000 more than in the same time last year. A feature of the returns is the comparatively small amount that was applied for from outside the Empire. The Chinese and Greek loans were the only Foreign Government loans offered in this market and, outside of £7,148,000 for foreign railroads, very little besides went abroad. This is evidence of the growing independence of other financial centres of London. It is also remarkable that, despite this independence, the capital applications should increase. This fact, however, discloses the enormous activity and development that is going on within the British possessions themselves. The cotton industry of Lancashire has improved considerably during this year, and the limited liability companies engaged therein have shown increased profits and declared larger dividends. Prices generally have advanced substantially as compared with the opening of the year, the London "Economist's" index figures for the end of June being 1,915 as against 1,885 for March and 1,890 for December. The period of advance includes the temporary Leiter wheat boom and the duration of the Hispano-Americo war, but an examination of the various prices in detail does not lead to the conviction that the rise is wholly due to those events. Of Germany it is reported, with a qualification as to the high prices ruling on the bourses, that trade and commerce are in a very prosperous condition, and the domestic trade particularly so. The coal and coke districts continue to report a buoyant business, and the Krupp Works, in Essen, are said to be fully supplied for nine years with orders in guns and other war materials. Austria continues to feel the adverse effects of a bad internal political situation and the Government is in no enviable situation, for the summer months are being spent in uninterrpted consultations as to how the right of decreeing what is necessary for carrying on the business of the state may be applied, and how far the Government can go without infringing the constitution and taking upon itself responsibilities that might in future prove too heavy to be borne. The question of most interest in France is whether the seven-franc duty on wheat, suspended May 3 and resumed on the 1st instant, shall be repealed in response to a popular cry for cheap bread. Reports of the Indian wheat crop are quite favorable. In the Argentine parliament retrenchment bills have been introduced, but as they begin retrenchment by cutting down the salaries of representatives they are said not to be well received. Regarding Mexico, the British Consul at Vera Cruz states that the effects of the steady development of the resources of the country are apparent, in spite of former loss of crops and the retarding influence exercised on its commerce by protection, aided by a still further drop in silver. Chili, which has just authorized the issue of $50,000,000 paper to help out the banks in a crisis, it may be remarked, is one of the little powers that caught the gold basis fever from the great ones some years ago, and offers another proof of the saying, as applied to the gold question, that what may be good for one is not necessarily good for all.

INDUSTRIAL depression is likely to increase with the continuation of the war. Complaint is becoming louder except in a few special industries directly stimulated by the large expenditures for military purposes. Real estate and building unfortunately are not one of these, and our readers have every reason to hope, not only that Spain will cease from the unequal contest, but that the campaign will not create in this country a large body of men selfishly interested in the continuance of hostilities. War everywhere creates this class. It is composed not only of naval and military men anxious for activity and promotion, but of scheming politicians who find war a personal and partisan asset which they are reluctant to relinquish, in addition to contractors and others who derive large profits from army and navy supplies. Now that we have got Spain's measure and are sure of the finish, all these people are likely to become more and more opposed to a rapid campaign and a speedy termination of the fight, either through force of arms or by making the way to peace as smooth as possible for our enemy. If these people once get into the saddle and Spain remains obstinate, the opinion of those military experts in Washington who have said that the war won't be over for another year at least will not be far from the truth.

REAL estate men and those who are interested in building have particular reasons for hoping that the destruction of Cervera's fleet, or at any rate the approaching fall of Santiago, will end the war. From a military and strategic point of view the success of our arms in southern Cuba is not a vital matter. Were Spain possessed of greater resources than she is, and were she a united nation at home, the capitulation of Santiago would be a very distant step indeed from final victory. The importance of recent events lies chiefly in their probable effect upon the Spanish mind. Everybody except the Spaniard at home recognizes that the contest is an utterly hopeless one for Spain. Part of our problem is to get the people of the Peninsula to see what other people see, and realize that peace is for them an affair of prudence and common sense. We hope the fall of Santiago may bring the Spaniard face to face with his real position, for it is clear that if we have to push on to Havana the war will be a long and costly struggle. We shall have to land a large army in Cuba, and months of preparation and effort will be necessary.

The cry set up when the war began that Havana would be taken in twenty days has quite a silly sound now. Indeed the whole Jingo position upon which we began hostilities is crumbling to pieces. Where is the Cuban multitude thirsting for liberty? Where is the Cuban army that needed only rifles and ammunition to drive the Spaniards from the island? Even the few thousand half-breeds who have joined our army have proved themselves to be inhuman savages, if we may believe the newspaper stories of the cold-blooded murder of Cervera's fugitive marines.

WAR TAX QUERIES.

The question whether a revenue stamp is required on an "article of agreement" for the sale of real estate, was submitted to Collector Treat this week. A real estate owner, who is particularly interested, has had opposite constructions of the law from legal advisers. The section under which a stamp might be required is as follows:

Contract, broker's note, or memorandum of sale of any goods or merchandise, stocks, bonds, exchange, notes of hand, real estate, or property of any kind or description, issued by brokers or persons acting as such, for each note or memorandum of sale, not otherwise provided for in this act, ten cents.

The difference of construction seems to arise over the question whether an agreement of sale between individuals comes under this species of contract. The Collector declined to commit himself to a positive opinion, and will submit the question to the department at Washington.

A New York law firm reported to the Commissioner of Internal Revenue that the County Clerk refused to accept for filing any affidavit or instrument to which an affidavit was attached unless a ten-cent revenue stamp had been affixed. Commissioner Scott rules that the jurat of an affidavit does not require a stamp, but that certificates of acknowledgement to mortgages, deeds, and like instruments must be stamped.

Justice Pryor, in Special Term of the Supreme Court, on application for a mandamus against Register Fromme, made in behalf of the Consumers' Brewing Company, decided that the certificate required by law to continue the filing of a chattel mortgage as valid notice to creditors, after the lapse of a year from the filing of the original, is a renewal of the mortgage, and is subject to a stamp-tax.

To the Editor of THE RECORD AND GUIDE:

Will you kindly inform me if there has been a ruling in regard to the lessor's liability, under the new internal revenue law, to place stamps on the duplicate copies of leases signed by him and

delivered to the lessee? If not, will you kindly state your opinion as to its construction?

Answer.—I do not know of any ruling having been made under the present law. My construction of the law is that, if duplicate copies of leases are made, it is the duty of the lessor to affix the stamps on each duplicate and cancel them. There is nothing in the law, however, that prohibits his requiring the lessee to pay for the stamps.—Law Editor.

CORRESPONDENCE.

SLIP APPLICATIONS.

To the Editor of THE RECORD AND GUIDE:

Your editorial on "Slip Applications" was read by me with interest, as I have submitted numbers of them to the Department of Buildings and found them on the whole a saving of time and trouble, and I endorse what you say that "it is to be hoped that he (Commissioner Brady) will restore to the building public the use of the slip blanks."

It is also to be hoped, Mr. Editor, that if they are restored some of the absurdities with which they were encumbered may be eliminated. For instance, a slip application required two affidavits, whereas a regular application for a large building or important alteration needs only one. Again; in the slip application the name of the owner and his address were required at the beginning and a little further on it had to be given again—for what reason I cannot conceive. Another thing; the Department only notified the applicant in case the slip application was disapproved, whereas if it happened to be approved the applicant would have to go and return perhaps a number of times to find out whether approved or not.

If the use of the slip application is resumed by the Department, we hope the above peculiarities will be left out.

Respectfully yours,

New York, July 12, 1898. Architect.

THE MUNICIPAL ASSEMBLY.

Below is a summary of the business directly affecting interests of real estate owners in the Boroughs of Manhattan, The Bronx and Brooklyn, which came before the Municipal Assembly at its meeting on Tuesday last:

COUNCIL—MANHATTAN AND THE BRONX.

Marcher av, bet E. 168th st and E. 169th st, changing the line. Referred to Committee on Streets and Highways.

Edgecombe road, bet 155th st and 159th st, changing grade. Referred to Committee on Streets and Highways.

129th st, bet Lenox and 7th avs, repaving with asphalt. Referred to Committee on Streets and Highways.

24th st, bet 1st av and Av A, repaving with asphalt. Referred to Committee on Streets and Highways.

106th st W, north side, fencing vacant lots. Report of Committee on Public Health placed under the head of unfinished business for the next meeting.

COUNCIL—BROOKLYN.

Henry st, Nos. 93 and 95, fencing vacant lots. Report of Committee on Public Health placed under the head of unfinished business for next meeting.

BOARD OF ALDERMEN—MANHATTAN AND THE BRONX.

Gerard av, bet 138th and 151st sts, lighting with gas. Laid over.

167th st, bet Southern Boulevard and Westchester av. Report of Committee on Public Buildings, Lighting and Supplies, recommending that it be lighted with gas. Adopted.

East Houston Street Park. Resolution requesting the Board of Estimate and Apportionment to expedite the payment of awards for property taken for park at Houston, Pitt, Willett, Sheriff and Stanton sts. Adopted.

Proposed new ordinance relating to temporary incumbrances and the removal thereof; cleaning streets and sidewalks and keeping them clean; and removing snow and ice. Referred to the Committee on Law.

91st st, from 1st av to 2d av, repaving with asphalt. Referred to Board of Public Improvements.

BOARD OF ALDERMEN—BROOKLYN.

Blissvile Bridge, called up again and referred back to Committee on Bridges and Tunnels.

8th street and Wythe avenue. Report of Corporation Counsel saying that the Nassau Railroad Co. had laid tracks at 8th st and Wythe av previous to the adoption by the Board of a prohibitory resolution. Referred to Committee on Railroads.

McDonough st, from Stuyvesant av to Reid av, repaving with asphalt. Referred to the Board of Public Improvements.

Montrose av, from Bushwick av to Union av, relighting lamps. Decided in the affirmative.

Carroll st, from 6th to 7th av, repaving with asphalt. Referred to Board of Public Improvements.

President st, from 6th to 7th avs, repaving with asphalt. Referred to Board of Public Improvements.

BRICK.

The arrivals of Hudson River brick during the week have amounted to 40 barges. Some 49 barges went out clearing up the accumulation from last week. The demand is good and the tone of the market steady at $5.50@5.75. The quality of the brick is exceptionally good, and in some cases specials have brought as much as $6.25. Pale brick are in very light supply, but there is a strong inquiry for them. Value is firm at $3.75. The strike at Haverstraw is still unsettled. The manufacturers will resist the endeavors of the Knights of Labor to place the yards under the Board of Walking Delegates. All the Hudson River, Long Island and New Jersey yards are resolved to sustain the action of the resisting manufacturers of Haverstraw.

CEMENT.

The market for imported Portland cement is in a seasonable and normal condition. Importations are coming along with fair rapidity, and the demand while nothing remarkable is easily able to absorb all the supplies offered. Prices remain the same. As has been the case for some time, the chief demand for domestic Portland cement comes from the West, and the local market is not very active. Values hold unchanged. Rosendale cement is doing a very moderate amount of business at former figures—65@70c.

LIME.

The arrivals of Rockland lime for the week have amounted to less than a half-dozen barges. Demand has been only moderate, but it has absorbed the supply easily as it has come along. Prices are steady: 75c. for the common, and 85c. for the finishing. The call for State lime is light, but value is unchanged at 70c. Jointa is in very moderate demand, at $1.

LUMBER.

It is hard to see in what respect the local lumber market has changed from the conditions reported last week. The same dullness in some quarters, and the same activity in others, which have prevailed for some time, are still present. Advices from the West show the same state of affairs to prevail there.

LATH.

After the fairly large arrivals of last week, which were the heaviest for a long time, the market for Eastern spruce lath has been almost bare during the present week. Even the small supply reported to be on the way did not materialize, and the offerings amounted to practically nothing. In the absence of supplies, values were quoted nominally at $1.70@1.75. There will, in all probability, be some arrivals next week.

NAILS.

Prices for cut nails are about as low as they have ever been, while in wire nails they are within a small margin of minimum values. Not for several years has the market run along in such an even manner as is the case now. Demand for wire nails is light, but quotations are unchanged at $1.30@1.35 for carload lots f. o. b. mill, Pittsburg base; $1.45@1.50 for carload lots on dock, New York; and $1.55@1.60 for small lots from store. Cut nails are meeting with slow inquiry. Quotations are $1.17½@1.20 for carload lots on dock, New York, and $1.25@1.30 for small lots from store.

PAINTS.

Owing chiefly to the advance in the price in pig lead, there has been a change in prices amounting to ¼c., as announced by the National Lead Co. They quote: In lots of less than 500 lbs., 6¼c. net; in lots of 500 lbs. or over 5¾c. Dry white lead in barrels, ½c. per lb. less than the price in kegs. White lead in 12½-lb. pails (packed in 100-lb. cases), 1½c. per lb. over price in kegs. White lead assorted in 1-lb., 2-lb., 3-lb., and 5-lb. cans (packed in 100-lb. cases), 1½c. per lb. over the price in kegs. Terms, on lots of 500 lbs. and over, 60 days; 2% discount for cash, if paid within 15 days from the date of invoice, f. o. b. mill New York. Quantities: To make either of the above-required quantities, any assortment of packages of either or all of the above articles may be counted. The above prices and terms supercede all prices and terms offered by this company. The demand for both white and red lead is very fair. The market for paints is quiet and unchanged. Inquiry is slow but prices show no change.

NAVAL STORES.

Local values in prices of turpentine have advanced a trifle, and at the close were quoted at 26½c. for regulars and 27½c. for machines, but the tone of the market is not strong. A fair jobbing trade has included the larger part of the business transacted during the week. The offerings of tar are somewhat limited, and in consequence, values hold steady at $1.90@2.00 for regulars and $3.50@3.62½ for oil-barrels, although the inquiry is a trifle slow. The market for pitch is dull and featureless, with but a small amount of business being done. Prices are the same, at $1.75@1.80.

OILS.

The price of seed has declined to less than $1.05, and the market for linseed oil has weakened 2c. per gallon in consequence. Quotations at present are 39c. for 5-bbl. lots and over, and 40c. for less than 5-bbl. lots, with boiled and refined 2c. per gallon up from these prices. Out-of-town crushers quote in some instances 2c. less than city crushers. Demand is fairly good, but not strong enough to hold up values. Calcutta remains unchanged at 54c.

GLASS.

The market for plate-glass continues to be quiet, although the amount of business being done is seasonably large. The tone of the market is firm, and discounts are 80 and 5%, and 80 and 10%. American window glass is unchanged at 80 and 80 and 5% discount, and there is no prospect of any departure from these prices for some time to come. The demand is light, but not unusually so for summer. The discount on French window glass is 85 and 10 and 5%. The market is firm because, although the call is weak, supplies are somewhat limited.

Building News.

MERCANTILE.

Nassau street, Nos. 110 to 116, and Ann street, No. 45. It was stated at the office of Clinton & Russell, No. 32 Nassau street, yesterday that tentative plans are being prepared for a single building to cover the site of the old Nassau Chambers and the adjoining property, the lessees of which were bought out last week by the owner, Levi P. Morton, No. 40 Nassau street. The details of the improvement, which will make a structure 71x80 on Nassau street, with an L, 28x165, on Ann street, have not been determined. The plans for the reconstructed Nassau Chambers, however, contemplated a 12-story store, loft and office building.

Henry M. Tostevin, builder, and president of the Building Trades' Club, is summering at Arverne, L. I.

Edwin Outwater, builder, No. 510 West 24th street, has taken up his residence for the summer at Arverne, L. I.

Homer Millard, lumber merchant, foot of West 22d street, has been admitted to membership in the Building Trades' Club.

Wm. Williams, of Wm. Williams & Co., manufacturers of dumbwaiters and refrigerators, No. 2133 Boulevard, has gone on a three months' trip to Europe.

F. L. Wilson, formerly assistant to the manager of a large furniture factory at Nashua, N. H., has been appointed clerk in charge of the Builders' League Club House.

The Board of Estimate and Apportionment has appropriated $22,000 for the construction of asphalt bicycle paths to connect the 34th and 92d street ferries with country roads on Long Island.

The Architectural Iron Workers' Union has decided to meet every Wednesday evening hereafter at Krueger's Hall, 231 East 33d street. George Jene, of 429 East 14th street, has been elected secretary.

The General Deficiency Act, passed by Congress, includes an item of $50,000 to defray the cost of telephone and pneumatic tube system in the Appraisers' Stores at New York, connecting the General Appraisers' Office with the several departments in the building.

The operation for varicose veins submitted to by Leonard K. Prince, of the Prince & Kinkel Iron Works, at the New York Hospital, Friday last week, proved successful, and the patient is on the fair road toward recovery. He will probably be able to leave the hospital in two weeks.

At a meeting of the North Side Board of Trade, held this week at its rooms, No. 278 Alexander avenue, a protest was made against the proposed removal of the branch office of the Building Department, now at 147th street and 3d av, and a committee was appointed to wait upon Commissioner Brady to urge its retention.

The Plasterers' Laborers' Union has been suspended from the Board of Delegates for refusing to join in a general sympathetic strike on behalf of the Architectural Iron Workers' Union against the employment of non-union men upon the new building for the Colored Home at 141st street and Forest avenue. The refusal was made on the ground that the Plasterers' Society, which is affiliated with the Building Trades' Council, would continue on the job with non-union laborers.

The State Armory Board met this week at New York to consider plans for armory improvements, for which the late Legislature made appropriations. The appropriations for this purpose were as follows: For a new armory at Whitehall, $42,000; for repairs to the Forty-seventh Regiment Armory, Brooklyn, $35,000; to the Elmira Armory, $25,000; to the Auburn Armory, $8,000, and to the Walton Armory, $6,000.

The following draft ordinance to regulate the issuing of permits for making connections with sewers, etc., has been approved by the Board of Public Improvements and by the Council of the Municipal Assembly and now goes to the Board of Aldermen. It considerably changes the regulations now in force for the same purpose:

An Ordinance to regulate the issuing of licenses to plumbers for making connections with sewers, etc.

Be it ordained by the Municipal Assembly of the City of New York, as follows:

Section 1. That all openings into any sewers or drains for the purpose of making connections therewith from any house, cellar, vault, yard or other premises, or for making repairs to said connections, or all openings into any water-mains for the purpose of making connections therewith from any premises, or for making repairs to said connections, or any excavation, opening or displacement of the carriageway or any street, avenue or public place in the City of New York, or sidewalk thereof, shall be made by persons in accordance with Chapter 602, Laws of 1892, to be licensed by the president of the board of public improvements of the City of New York, in writing, to perform such work; and the said persons, before being so licensed, shall execute a bond to the City of New York, in the sum of one thousand ($1,000) dollars, with one or more sureties, to be approved by the Comptroller of the City of New York, and filed with him. Said bond to be conditioned that they will carefully make the street opening in the manner described by the head of the department having jurisdiction to permit such openings to be made, and close up the same to the satisfaction of the said head of department.

Sec. 2. (And) Upon such license being issued the said president of the board of public improvements shall forthwith notify the commissioner of sewers, the commissioner of water supply and the commissioner of highways that such license has been issued, and also transmit to each of the said commissioners the date of issuing said license, and the name and address of the person licensed.

Sec. 3. Neither the commissioner of sewers nor the commissioner of water supply shall issue a permit to a person duly licensed, as above provided, for work hereinbefore described, unless the application for said permit is first approved by the commissioner of highways.

(Such portions of Sec. 306 of the Revised Ordinances, or of other of the Revised Ordinances, inconsistent with the above provisions so far as they relate to the issuing of licenses, are hereby rescinded and repealed.)

Provided, however, that no person shall be so licensed who has not previously obtained a plumber's license according to law.

Sec. 4. All ordinances of the former municipal and public corporation or parts thereof, consolidated into the City of New York, inconsistent herewith are hereby repealed.

MEETINGS FOR THE COMING WEEK.

The Real Estate Market

Real Estate Market.

The private sales' market shows no improvement from last week. The sales reported are few in number and unimportant in character, so that it may be taken that the summer dullness has quite set in and that nothing better is to be expected for some weeks to come. Below will be found reports of 31 transactions reported in the week, 5 with the considerations making a total of $187,000. Corresponding figures for last week were 20, 6 and $181,500 respectively.

The following are the comparative tables for the New York Conveyances, Mortgages and Projected Buildings for the corresponding weeks of 1898 and 1897.

Another dull week in the auction market has to be reported For this week, as last, there was a short list of offerings, which was further curtailed by adjournments, six out of a total of 19 announcements having been so disposed of. With few exceptions, the circumstances attending the sales were without interest. There was a contest for the dwelling, No. 52 East 54th street, offered in foreclosure, by John N. Golding, but it was finally bought by the defendant to the suit after the bidding had been run up considerably beyond the mortgage obligations. The offering of No. 4177 3d avenue, in partition, by James L. Wells, brought a local party down to the salesroom to bid, and the parcel brought $5,500 in excess of a mortgage for $2,500, from an outsider. The most important parcel offered during the week was, of course, "The Grenoble" apartment house, on the southwest corner of 7th avenue and 56th street, which came on the market for failure of mortgage conditions, but the manner of its going off was in no way remarkable, except as indicating the present indifference of investors to large realty parcels. There were only two bids, and the plaintiff in the foreclosure suit was the buyer. There were no withdrawals, and the adjournments to dates beyond next week were: No. 235 East 101st street, by Wm. M. Ryan, to 26th inst.; plot on Sedgwick av, Harlem River, by D. Phoenix Ingraham, to September 21st; No. 160 East 93d street, by Richard V. Harnett, without date; Nos. 3 to 6 Mission place and Nos. 142 to 150 Worth street, by William Kennelly, to 27th inst.

Jere. Johnson, Jr., Co. announce, in our business pages, that they will sell at auction on Saturday, 23d inst., by order of the Supreme Court, in partition, the remaining 577 lots of the Hitching's Homestead. The sale of these lots is surrounded by all the advantages pertaining to unimproved property, good location, generous terms to buyers, guarantee of titles by the Title Guarantee and Trust Co., excellent transit facilities, etc. These things are set out in the Co.'s advertisement of the sale in detail, and maps and other particulars can be obtained from Hector M. Hitchings, plaintiff's attorney, No. 100 William street, N. Y. City; William B. Davenport, No. 189 Montague street, Brooklyn, or of Jere. Johnson, Jr., Co., No. 169 Broadway, N. Y. City, and No. 189 Montague street, Brooklyn.

OUT OF TOWN.

Potter & Brother ave sold to a Mr. Brownell a plot of 5½ acres on the west side of Central avenue, south of Yonkers avenue, and adjoining Hillview Park, Yonkers. They have also sold to a Mr. Clark a plot of 31¼ acres on Trenchard avenue, same place.

REAL ESTATE NOTES.

L. B. Elliman, of Pease & Elliman, leaves to-day for Cazanovia, N. Y.

Hearings in the matter of the Hall of Records' site have been adjourned to Thursday, Sept. 22d, at 10.30 a. m.

Thomas J. Hayden, the well-known Washington Heights broker, has been appointed a Deputy Tax Commissioner.

Max Freund, the well-known real estate operator, sails to-day on the Campania. He will be gone eight weeks.

The Ernst-Marx-Nathan Co. have bought a row of dwellings on Lenox avenue. It is reported that they ave done about $1,000,000 of business this week.

Albert E. Gibbs, of Ware, Gibbs & Card, leaves to-day for a yachting trip in Canada. Mr. Ware of the same firm has just returned from West Hampton Beach, L. I.

Leo. A. Von Fleidner, aged fifty-eight, of No. 417 West 42d street, died Wednesday at his summer home in Coney Island. For many years he was a real estate agent, but retired in 1890.

The realty firm of B. M. Strauss & Co. has been changed by the retirement of Mr. Maurice E. Strauss. Mr. B. M. Strauss and Sol. Stern continue under the old firm name of B. M. Strauss and Co., at No. 529 Broadway. Telephone 993 Spring.

Comptroller Coler is endeavoring, though with apparently little chance of success, to get the Legislature to relieve the City of New York from the county debts, which were forced upon it in the consolidation. This would reduce the total debt by over $20,000,000, and bring it somewhere within the line of the constitutional limitation.

The Grenoble apartment house at the northwest corner of 56th street, and 7th avenue, which was sold at foreclosure this week, is a 7-story structure, and contains 142 rooms. Mr. Browning, the buyer, we are informed, has already had five offers for the property, all, of course, at an advance on what the property cost him.

The directory for 1898, covering the territory now contained in the Boroughs of Manhattan and the Bronx, has been issued. There are given 360,000 names of residents in these two boroughs, and as the compilers calculate that they print the names of one-fifth of the population, this would indicate that there are 1,800,000 people now living in them.

The negotiations, so-called, between the Rapid Transit Commission and the Manhattan Elevated R. R. Co., have been apparently ended by the passage, by the former, of a resolution stating that, as they have received no reply to their letter of June 23d, they are forced to the conclusion that the Manhattan Company has refused to continue negotiations.

A number of business men on 6th avenue have organized the Sixth Avenue Improvement Association. A meeting was held on Wednesday evening, at No. 23 East 14th street, when John H. Little was elected chairman and James A. McGinnis secretary. A petition is to be circulated among the merchants on the avenue asking that the Board of Estimate and Apportionment repave 6th avenue, from 8th to 34th street, with asphalt.

Massachusetts has followed Illinois in adopting the Torrens system of registering land titles. An act signed by Governor Wolcott provides that, after Oct. 1, any real estate owner, by paying a moderate fee to a court of registration, may have the title of his property searched and secure a State title, good for all time to come, unless questioned within one year on the ground of fraud in registration proceedings. All this is providing that the courts uphold the act. One such in Illinois was declared unconstitutional by the Supreme Court of that State, and a second, in which an effort was made to avoid the constitutional defects of the first, is now before the court on a test case.

A correspondent, who has been watching affairs on 3d avenue, informs us that, though there is some change, there is, on the whole, no improvement in the renting conditions on 3d avenue since the article relating to that subject was published in this paper in October last. It was then shown that there were 30 corner stores vacant on 3d avenue, between 6th and 125th streets, now there are only 21. But the vacant inside stores, from 6th to 100th street, which, in October last, numbered 110, have increased to 151. The vacancies are not only more frequent on the East Side of the avenue, but the increase made in the nine or ten months was greater on that side.

Justice Fryor, in Special Term, Part VI., on two applications for writs of mandamus against the Comptroller, has upheld the practice which has been adopted by that officer's subordinate with reference to interest on awards and assessments in street-opening proceedings. The awards draw 6 per cent. from the passing of title, and assessments, if not paid sixty days from the confirmation, are augmented by a 7 per cent. per annum penalty for the time elapsing between entry and payment. A property-owner who has obtained an award for damages, and has also been assessed for benefit, and infers that one is offset against the other, so that the 7 per cent. penalty does not accrue to the whole of his assessment, and so neglects to pay it, is liable, however, according to the practice of the Comptroller's office and the decision of Justice Fryor, to pay 7 per cent. interest on the whole of the assessment. Furthermore, the Comptroller is not compelled to offset an award with full interest against an assessment, so as to prevent the owner from being held for the full penalty on the latter.

Broker and Agent C. F. W. Johanning occupies well located offices at No. 2090 8th avenue, near 114th street, a district where there is great activity in the sale of lots for improvement and houses for investment. The magnificent buildings erected on Morningside Heights have done much to create a demand for houses and apartments in the section just north of Central Park, and Mr. Johanning has a very complete list of improved and unimproved property for sale in that section. Mr. Johanning also makes the management of estates and collection of rents features of his business. His telephone call is 808 Harlem.

CONVEYANCES.

Wherever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants or warranty.

2d—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed can be impeached, charged or encumbered.

3d—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no express covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the Insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.

JUDGMENTS.

In these lists of Judgments the name, alphabetically arranged, and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real name being unknown. Judgments entered during the week, and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

[1]Editor Record and Guide:

Referring to lien placed on your building at 1080 Lexington av, by Messrs. Marshall & Durkin, masons for same, we desire to state that their work is not yet completed, that a number of deviations from plans and defects in their work prevent us from issuing certificate to them in full for their contract. There is, therefore, no money due them.

Questions and Answers.

COMMISSION LEASE.

To the Editor of THE RECORD AND GUIDE:

I procured from a broker an apartment house to lease for the owner on half commission. I secured a lessee, who agreed on the terms of rent and offered good security as the owner required. All details seemed satisfactory to both sides, so far as the business part of the leasing was concerned, but the owner hesitated and finally declined to close the deal on account of his fear that the proposed lessee did not have capacity enough to manage the apartment house properly, although his references all spoke well of him, and of his ability to do so. Now, on account of this captious sentimentality, I and the broker from whom I procured the property fail to receive our commission, although we have accomplished all that the business fairly calls for us to do. Are we entitled to our commission or must our time and work go for naught?

Answer.—I do not think you are entitled to a commission. It is the experience of all brokers that there is many a slip 'twixt the cup and the lip, and that they sometimes are obliged to do a great deal of work for which they receive no compensation.—Law Editor.

COMMISSION FOR RENTING.

To the Editor of THE RECORD AND GUIDE:

A, a broker, rents a store for owner for two years and gets commission from the owner for same; after about thirteen months the tenant moves out and A rents the store again to another tenant, no agreement having been made between broker and owner. Is A entitled to a new commission?

Answer.—Yes.—Law Editor.

LANDLORD NOT LIABLE.

To the Editor of THE RECORD AND GUIDE:

Will you kindly answer this: Flower pots on front windows fall and strike a passer-by. Who is liable for damage, the owner or the tenant, who places them on the window sill? Is there any law in reference to the same, and if so, where can it be found?

Answer.—The landlord is not liable. The tenant would be liable if, by reason of his negligence, the flower pots fell and inflicted injury, and I do not see how the flower pots could fall without negligence on the part of the tenant.—Law Editor.

WANTS HIS MORTGAGE BACK.

To the Editor of THE RECORD AND GUIDE:

Having been hard pushed for ready money, I decided to raise $2,500 on a second mortgage on my house, and after considerable correspondence and interviews with a certain lawyer, he agreed to make said loan, I to pay $500 to cover expenses, to which I agreed. I gave him my deed to copy from and received an agreement promising to make the loan within five days. On the fourth day I received a note (June 24th) saying appraisal was not what he expected (although all this had been previously understood and settled) and wanted his agreement returned, and he would then return my deed. Can I not compel return of my deed, without returning his agreement and receipt? Is this not unprofessional conduct? Is there no way of getting redress from such would-be lawyers?

Answer.—I should advise your complying with his terms. There is nothing unprofessional in the lawyer's conduct. It shows him to be a careful man. You can, of course, by a suit at law, compel the return of your deed, without tendering to him his agreement and receipt.—Law Editor.

Its method of examination is the safest, as the amount of its losses indicates.

Its method of insurance is the strongest, because it is based on the safest examination and the most careful supervision.

Its information is the fullest, because it furnishes abstracts in addition to an opinion and a policy.

Its policies are universally accepted by individuals, trustees and corporations.

It has complete locality and nominal plants of the Counties of New York, Kings and Westchester.

MURESCO!

It is a permanently hard wall finish. Over plaster it produces soft, even tints, giving the effect of kalsomine, without the flashing, with none of its disadvantages. It does not rub off against the clothing; will not crack nor peel. It will kill suction, and give a smooth, soft, even coat over an old plastered wall that has been patched. It comes in fifteen artistic colors and white.

You may have a color card and full information about Muresco for the asking.

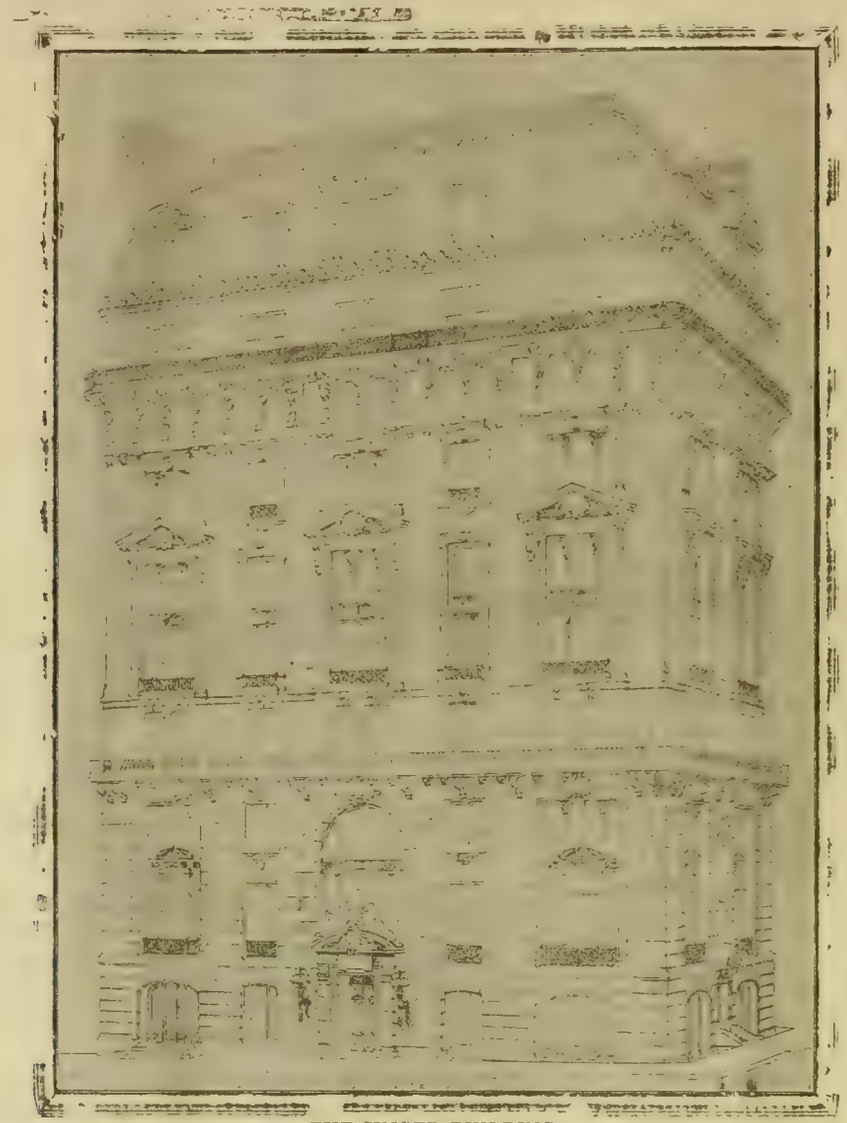
NOW READY.

The Index to Volume LXI. of the Record and Guide, covering the period between January 1st and June 30th, 1898, Price $1.00. This Index in its enlarged form is now recognized as indispensable to every one engaged or interested in real estate and building operations. It covers all transactions—deeds, mortgages, leases, auction sales, building plans filed, etc. Orders for the Index, accompanied by $1.00 for each, should be sent at once to the office of publication, 14 and 16 Vesey Street.

WE are going through a period of dullness which is, on the whole, adverse to quotations. In the reviews of the several markets, whether found in the general, trade or technical press, the words "dull" and "slow" appear with tiresome frequency, but they exactly represent the situation. On the stock market operations for advances are assisted by the faith of holders of securities in the future. Undoubtedly this faith is well-placed; but it may not, as it rarely does endure the strain of waiting, and the throwing over of stocks and bonds by tired holders may bring about considerably lower prices and prepare the way for another advance. As quotations stand they do not encourage speculative buying, and even those who want to purchase for investment will hold off for more favorable terms, if they know anything about market movements.

THERE are no changes in the commercial or financial condition of Europe calling for any extended special mention. The South Wales coal strike is now seriously affecting British iron and steel interests, which had only about got in shape again after the engineers' strike of last winter. Australian bank reports are showing the effects of a series of bad agricultural seasons aggravated by the consequences of the unfriendly labor attitude on the industrial situation. The public accounts of New Zealand for the last fiscal year, which closed March 31st, are satisfactory, inasmuch as, after making substantial allowances for public works, the net cash balance is larger than that of the preceding year. The Railway receipts were greater than for the preceding year. The Paris municipality has soon to face the abolition of the octroi taxes. Among other substitutes are proposed: a tax of six per cent. on the annual value of house property, to be paid by the landlord in addition to the present foncier tax; one of four per cent. added to the present house tax of ten or twelve per cent. of the rental paid by the tenant; and a tax of ½ per cent, on the capital value of all land, whether built on or not. Berlin reports that money rates are slowly going up. Lenders, to check speculation, including the joint-stock banks, are making a stricter survey and inspection concerning their customers than they have thought it politie to do before. It is distressing to learn that, owing to damage by severe storms and floods, the harvest estimates of Austria and Hungary have to be reduced very considerably. So severe is the calamity reported to be that the Hungarian Government has sent out Commissioners to make an inquiry with the view to extending state help where it is needed to avoid ruin.

OWNERS of realty pure and simple will be gratified to see that the tax assessors are endeavoring to reach the colossal holdings of personal property in this city in order to put upon them some of the burdens belonging to them under the law. Hitherto the idea has seemed to prevail that municipal revenue should only be raised from what is in sight in order that the authorities should have as little trouble as possible in collecting it. It was not always so. We find from the last report of the Commissioners of Taxes and Assessments that in 1871 seven-tenths of the assessed valuations only were upon real estate, while last year nine-tenths were. This year something under eight-tenths apply to realty and something over two-tenths to personalty. This statement does not fully disclose the disproportion that has prevailed. It is best seen in the actual figures and in noting the growth of the tax valuations during the period covered. In 1871 the total assessed valuations amounted to $1,076,253,623, of which $306,947,223 were personal and $709,306,410 real estate; last year the total valuations were $2,168,635,856, of which $381,449,065 were personal and $1,787,186,791 real estate. Consequently in the period of 27 years, in which the personal wealth of the country grew enormously and while realty values in this city increased by over a billion of dollars, personal values were increased a matter of $75,000,000 only. It is easy to see, had the proportions of assessed valuations between the two classes of property of 1871 been maintained, how large a burden would have been spared to real estate and what an incentive that would have been to development and building. For instance, last year the respective contributions of personal and real estate to the valuations would have been roundly $700,000,000 and $1,400,000,000, and realty would have gained by the saving of 2.10 per cent. on nearly $400,000,000. In this year's valuations, prepared, it should be remarked, under the last administration, there is a laudable attempt to better adjust the tax burdens on the two classes of property; with total valuations of $2,365,490,372, personal property carries $509,022,449 and real estate $1,856,467,923, the percentages of the total being, respectively, about 2.2 and 7.8.



THE SINGER BUILDING.

THE Singer Building, at the northwest corner of Broadway and Liberty street, has certainly, in its actual surroundings, the air of "something new" or at least of something strange. It reaches what ten years ago was the extreme altitude of ten stories. In comparison with the buildings of the pre-elevator period it may be called a skyscraper. But in design it has no reference at all to the type of skyscraper which has been establishing itself within the decade, and of which the model is the column, with an emphasized and enriched base, a still more emphasized and enriched capital and a shaft as plain as may be, the plainness and monotony of which are not disturbed by the rows of similar openings with which its screen of wall is pierced. The composition of the Singer Building is triple likewise, but the model in this case, instead of being a column, is a three-story house, specifically a three-story French "hôtel," into which the residuary seven stories are so fitted as not to disturb, nay, rather to enhance, the division into basement, superstructure and roof. Some of them are combined into the three principal architectural stories, and the rest are treated as appendages to these.

It seems, too, that the construction is not that of the skyscraper. At what point it is that the construction of masonry comes to be economical, in comparison with the construction of a steel-frame and a masonry veneer it would be hard to say in general, it depends upon so many particular considerations. But it can hardly be economical to construct a commercial building with real walls that can carry themselves, and of the height of ten stories, upon so enormously costly a piece of ground as that which has been secured for the Singer Building. Apart from the comparative costliness of the two constructions, or in connection with this, so much more of the available rentable area is taken up in the case of a genuine construction of masonry than in the case of a steel cage hung with a veneer of masonry that the former construction has not approved itself either to owners or to architects, as "practical" for a ten-story building on lower Broadway. The ample piers, the comparatively deep reveals, the great emphatic projections of the Singer Building are natural consequences of the mode of construction employed, and it is these things which put it in such emphatic contrast with the work of the projectors of skyscrapers, of which a very typical and a very successful example confronts it across Liberty street in the new building of the Washington Life Company. Evidently the two belong to entirely different orders of ideas. The taller is a frank expression of modern and American commercial utilitarianism. Like all the rest it is a sham construction, but even so it is, so to say, an honest sham which is not intended to deceive anybody, and which in point of fact does not deceive anybody into believing that it is a real piece of masonry, with the depth and area of wall necessary to carry eighteen stories, though masonry is all that meets the eye. The lower is not a structural sham, since its construction in what it purports to be, but it is not unfair to call it a sham in design. Being in fact a succession of stories, all devoted to similar purposes and having similar requirements, and none being in the matter of use or dignity, superior to any other, it is an elaborate imitation of a structure in which the uses of the several apartments are strongly distinguished and furnish a rational basis for a differentiation in their architectural treatment. The Washington Life is a modern commercial building with as much architectural expression as is compatible with the

primary utilitarian purpose The Singer Building is a magnified reproduction of a French hotel, with as complete a satisfaction of the practical requirements of an American office building as is compatible with the primary architectural purpose. It is quite possible that there is no actual sacrifice of the practical requirements at all, but it is quite evident that these are not the basis, the donnée, of the architectural design, and so that the building is not, architecturally, an American office building.

The primary fact that a building is not architecturally what it is actually need not prevent it from having a high degree of architectural interest, and does not prevent the Singer Building from being achitecturally interesting. To compress a ten-story building into three architectural stories, keeping the relations of the three stories is a considerable feat in its kind. In this case the main divisions are unmistakably marked out. There is none of that wobbling uncertainty to which part of the building a particular story may belong that often mars the effect of designs that may have many good points. No spectator can possibly help seeing that the main divisions of the building are marked by the projecting table above the third story, carrying a continuous balcony in carved stone and the main cornice above the eighth carrying a continuous balcony in metal. The division is further emphasized by a change of material. The first three stories are in a monochrome of light limestone. In the second division red pressed brick is used in the field of the wall and in the broad angle piers, and limestone in the window-carvings and the corbelled cornice, while in the roof division of two stories, the lower, largely concealed by the balcony, is of brick with a very sparing use of plain stone, and the upper, the roof proper, of copper and black slate, the dormers relieved against it being of light limestone. Neither is there any doubt as to which are the three stories of the prototype, for in the basement and the middle division each of them is expanded to two stories. The three-story basement is architecturally but a story and a half, the principal openings running through the stories and outlined only by transoms as inconspicuous as may be, though in fact they mark floor lines as important as any others. There are three of these principal openings in each stage on the wider front and two on the narrower. In the intervals, on the wider front, are narrower openings which in the basement are avowedly divided into two stories, but in the superstructure are run through, as in the wider, with a minimum of transom. Below them is a single story of the ordinary height and above them another. The effect of the conjunction is not only to assert that the apartments on which the large windows open are of superior and the others of subordinate importance, which is, of course, not the case, but is also so great as to indicate that parts of the building is intended to be inhabited by giants and other parts by dwarfs. There is no provision made for the entrance of the giants. One of the peculiarities of the building is that as little as possible is made of the entrance, of which the ordinary designer makes as much as possible. For they are confined to the actual, not the architectural basement. The doorway in the centre of the larger part has at present a very queer aspect, seeing that the pediment which is to crown it is not yet in place. It is signalized, however, by a very large arched opening above it, running through the two stories, but, of course, having only an architectural relation to it. This relation, however, is more satisfactory at present than it will be when the pediment and its statues are in place, and when the large opening will become more evidently superfluous and irrelevant. On the shorter front the entrance is apparently as well as really confined to the low basement story being merely a rectangular opening, crowned with a pediment, cut through the middle pier of the building. This is so dwarfed by the greater scale of the two-story openings above and on either side, as to have more the air of the tunnel through which the stooping Eskimo makes his way to his snow hut than of an ample approach to a populous building.

THE SINGER BUILDING.

Broadway, Northwest Corner Liberty St. Ernest Flagg, Architect.

Indeed, this front is much less satisfactory than the other as a composition, as being composed of two equal parts with no mediating or dominating feature. The dormers of the roof are two round pediments, one over each bay, and in the lower division, although it has been attempted to emphasize the central pier by decoration, it is too insignificant in scale to assert itself as a central feature. The longer front, with its powerful central feature and its five-fold division, emphasized at the top by the three wide round pediments and the narrow peaked pediments of the dormer, is much more satisfactory as a composition, although unfortunately much less conspicuous.

The detail throughout is intensely Parisian, and for the most part very good of its kind. Perhaps the best feature of the whole is the cornice story, with the long corbels running through it, but

carrying a platform of sufficient projection to account for and justify them. The detail is good in design, effective in scale and very well executed, and as much may be said of the detail of the roof story. On the whole the motive which the designer assumed of a three-story hotel for a ten-story office building has been worked out with unflagging pains and with great ingenuity. There may be a question whether the thing was worth doing, but there cannot be a question that it has been very well done.

A VALUABLE AND PRACTICAL BOOK.

With the title of "How to Build Fireproof and Slow Burning," Mr. Francis C. Moore has issued a useful little book, of which all architects and builders should possess copies. The title explains the contents of the work, and Mr. Moore's known experience as President of the Continental Fire Insurance Co., and as the representative of the Board of Fire Underwriters on the Board of Examiners for many years, insures its practical usefulness and technical accuracy. Not the least important feature of the book is that it contains the directions and advice of one who is an expert on insurance as well as on construction, as to building with the view to obtaining the best insurance rates. The price, ten cents, is merely a nominal one for so useful a book, which is clearly printed and carefully illustrated. In a short preface, Mr. Moore explains that this work was prepared after careful consultation with well-known experts and after observation and study of numerous fires in fireproof structures. Mr. Moore does not presume to tell how to build a building that will under any and all circumstances preserve itself and contents from injury by fire, that being only the popular and, of course, erroneous idea of what a "fireproof" building should do; but offers a construction which in his opinion, and that of the experts consulted by him, will reduce danger of injury by fire to the lowest possible minimum.

BUILDING ON THE HEIGHTS.

The accompanying tables dealing with the official filings for new buildings north of 125th street and west of 8th avenue, covering a period of 4½ years, from January 1, 1894, to June 30, 1898, will be found extremely interesting and instructive. They were prepared from the files of the "Record and Guide" by Mr. Bernard W. Webel, of the realty brokerage and agency firm of Nagel & Webel, of Amsterdam avenue and 168th street. Mr. Webel is secretary of the Washington Heights Progressive Association, and conscious of the advantages that realty owners, operators and dealers would reap if adequate transit facilities were provided for Washington Heights. His figures make it clear that owners and builders have provided the houses and apartments on the "Heights of the City" for the largely increased number of families who would like to live there if only the proper transit facilities were at hand.

Mr. Webel's tables are so complete, dividing the section north of 125th street into five districts and classify the buildings projected in each district by years, that extended comment here is unnecessary. However, the figures given in the summary must excite attention, showing as they do a total of 1,394 buildings were planned in 4½ years to be erected at a total cost of very close to $20,000,000. Of the total of 1,394, flats and tenements numbered 422, as against private dwellings to the number of 851. The flats and tenements cost $9,836,000 against $8,178,210 for the dwellings. In the way of churches and schools $728,500 is the cost of 14 planned and built. The largest single items being $250,000 for the St. Nicholas avenue school between 126th and 127th streets, and $170,000 for the school on Audubon avenue, 168th and 169th streets. Other large items were $200,000 for a pumping station between 178th and 180th streets; $125,000 for the car house and offices at 218th and 219th streets, and $225,000 for the "Cameron," corner of St. Nicholas avenue and 126th street.

In the way of street opening, regulating, grading, etc., Audubon avenue, which is the first avenue west of Amsterdam avenue, has been regulated and graded from 165th to 175th street, and the work is to continue to Ft. George. Wadsworth avenue, which is the first avenue west of 11th avenue, from 173d to 193d street, where it joins 11th avenue, is also to be soon opened, regulated and graded. Edgecombe road, which is 80 feet wide, has been regulated and graded from 155th to 170th street, and will soon be macadamized. 178th and 180th street West, from Amsterdam avenue to Kingsbridge road, have recently been opened and regulated and graded. The completion and recent opening of the Speedway is too well known to call for special mention.

REVISION OF STATE TAX VALUATION

President Feitner of the New York Tax Department has addressed a letter to the State Board og Equalization, in which he claims for New York and Kings counties reductions of assessed values this year instead of increases as is usually the case. His position is that in the rural counties the percentages of assessed valuation are not what they are stated to be, and that the percentages of New York and Kings are unfairly increased in consequence. In support of this statement he gives the percentages returned last year by a number of counties, the percentages which his Department claims should have been returned and the percentages of reduction which, in revision, these counties obtained. The figures are condensed into the following table. The reductions represented $91,748,000 of valuations, of which $88,988,000 was put upon New York City and county:

County.	a.	b.	c.	County.	a.	b.	c.
Albany	75	49	12	Montgomery	70	30	5
Broome	73	47	9	Niagara	75	42	12
Cattaraugus	73	45	9	Onondaga	85	47	22
Chautauqua	69	39	4	Orleans	80	53	17

Jefferson	83	34	26	Steuben	80	48	17
Monroe	70	45	5	Warren	80	39	17

a. Percentages of valuations returned for the purposes of revision.
b. Actual percentages of valuations claimed by Tax Department of the City of New York after investigation.
c. Percentages of reduction allowed to the several counties named.

The Building Trades

Building Material Market.

Generally the market for building materials ruled quiet during the past week, and there were few changes in prices. The changes may be thus summarized: BRICK.—Hudson River arrivals, 70 barges, with sales about equal to that amount and less left over than for some weeks. The demand is for lower rather than higher grades. Specials are quoted at $5.50@6.12½; pales are in very strong demand at $4.00 for good qualities. The Haverstraw makers have resolved to assess themselves to carry on the fight against the Knights of Labor to a successful finish. LIME.—Price of common dropped to 70c., and that of finishing to 80c. LATH.—Heavy arrivals, amounting to about 10,000,000, were taken up, but at concessions in prices. Although $1.60@1.70 was the quotation, actual business was done at $1.50@1.60. Offerings are not likely to be so heavy again for some time. NAVAL STORES.—Turpentine advanced to 27c. for regulars and 28c. for machines. OILS.—The changes in this market are a drop in the quotations, for 5-bbl. lots to 37c., and for less than 5-bbl. lots to 38c. GLASS.—Quiet market with discounts: For plate glass, 80 and 5%, and 80 and 10%; American window glass, 85 to 85 and 5% for large buyers; French window glass, 80 and 10 to 80, 10 and 5% for large buyers. Our quotations and remarks of last week on Lumber, Nails, and Paints stand good for this week also, there being no changes in those markets. Wherever changes of prices are not specifically mentioned, our quotations of last week apply now.

Sealed proposals will be received for the erection of a six-story Bank and office building, for the People's Bank, Passaic, N. J., until 3 p. m., on August 12th, at the office of the Architect.

OF INTEREST TO THE BUILDING TRADES.

Jas. E. Ware & Son, architects, have removed from No. 487 5th avenue to No. 3 West 29th street.

C. L. Eidlitz, electrical engineer, St. James Building, is summering at the Argyle, Babylon, L. I.

Lorenz F. J. Weiher, Jr., Mount Morris Bank Building, left last Saturday for a few weeks' stay at Saratoga.

F. W. Beal, architect, has removed from No. 220 Broadway to the Sherwood Studio Building, No. 58 West 57th street.

D. C. Weeks & Son, builders, No. 289 4th avenue, have moved into their new quarters, comprising the entire top floor of that building.

Henry M. Toch, No. 468 West Broadway, and G. H. Frey, No. 156 5th avenue, have been admitted to membership in the Building Trades' Club.

The Plasterers' Union of Brooklyn has notified the contractors in the trade that after September 1 the union will enforce an eight-hour work day with present wages.

James E. McMahon has been appointed chief clerk, James F. Clark confidential inspector, and Daniel Campbell, Jr., confidential stenographer to the Board of Buildings.

John Cooper is spending a few weeks at his summer home in the Thousand Islands, and his partner, A. A. Wigand, will go to the Oriental Hotel, Manhattan Beach, for several weeks.

The partnership of Wagner & Wallace, the builders, has been dissolved by mutual consent. Both the late partners will continue in business, each for himself, at No. 266 Columbus avenue.

The Consolidated Construction Co., No. 348 Fulton street, Brooklyn, is preparing sketches for an apartment house to be erected by the company in New York City at a cost of about $100,000.

John F. O'Rourke, No. 44 Broadway, has the contract for eight pneumatic caissons for the foundation of the new residence to be erected by Mrs. Margaret L. V. Shepard, at Nos. 11 and 13 East 62d street. Work to commence at once.

The following persons have been appointed inspectors of repairs in the Building Department of the Bureau of Education: For the Borough of Queens, A. C. Hankins, E. Stapleton, J. W. Morgan, James J. Sheridan, A. E. Hague, John B. McIntyre; for the Borough of Richmond, Chas. C. Ellis, A. E. Schretter, L. B. Sussuna. Authority has also been obtained to appoint three plumbing inspectors for Brooklyn.

The following firms were admitted to membership in the Builders' League, last Thursday evening: Wm. Scroggey, master lather, No. 1569 Avenue A; W. C. D. Begg & Co., plasterers, No. 243 East 120th street; Geo. Grossman, stevedore and truckman, No. 622 West 131st street; Jas. F. Welch, lumber dealer, 137th street and 5th avenue; and Wm. G. Cochrane, contractor, No. 45 West 125th street. Frederick Zittel, the real estate agent and broker, No. 266 Columbus avenue, was elected an associate member.

The corner stone of the new Gouverneur Hospital, to be erected on the corner of Gouverneur and Water strets, from plans by John R. Thomas, was laid this week. The building will be completed in about a year, and will cost in the neighborhood of $200,000. It will be L-shaped, four stories high, of brick, with terra cotta trimming, and will have accommodations for 150 patients. It is expected that, on the completion of the new building, the present hospital will be torn down, and its site converted into a flower garden, which will adjoin the north wing of the new structure.

State Architect Perry has been compelled, by want of funds, to dismiss his force of seventeen draughtsmen. Mr. Perry has charge of the erection and alteration of all State institutions, and to carry on the work of his office had an item of $35,000 inserted in the Supply bill. Gov. Black cut this down to $20,000. The original sum was the minimum with which the work ordered by the Legislature could be carried on. Only this week the State Commission in Lunacy approved Mr. Perry's rough plans for $115,000 worth of buildings for the Collins Farm State Hospital. The working plans cannot be gotten out; neither can those for other work under way.

A small party, comprising about 17 members of the Builders' League, and a number of ladies, enjoyed a pleasant sail up the Hudson, as far as Newburgh, last Wednesday, going up on the "Mary Powell" and returning by the Ramsdell line. Excursions of this nature afford an excellent opportunity for social intercourse, as well as for conferences on matters relating to business, and will be made weekly, or, at any rate, at frequent intervals during the summer. The next outing will be taken next Wednesday, also on the "Mary Powell," which leaves the foot of 22d street at 3.30. The following members of the League's Board of Directors were among the party of this week: President John P. Leo, Vice-President Judson Lawson, Secretary W. O. Fredenburg, Thos. C. Edmonds, William Killian, L. E. Landon, D. D. Lawson, A. Schwoerer, and Frank E. Wise.

The improved methods of construction so noticeable in big structures of the skeleton type attract attention because of their utility and simplicity. The erection of a temporary stairway on the outside of the new Apartment Hotel, now under way at the south corner of Columbus avenue and 80th street, is one of the latest ideas of an up-to-date architectural firm for providing safe and rapid means of passage from story to story, from top to bottom, during construction, with no obstacles whatever to work, and at a small expense. The building referred to is being equipped throughout with the Brinkman Fire Proofing Co.'s system of 2-inch fireproof partitions which economize space and can easily be removed, if it becomes necessary to make the rooms either larger or smaller. A visit to such a building while the interior work is under way will make clear the many advantages gained by this new form of construction.

An important decision bearing on the subject of strikes was given by Justice Bischoff, in Supreme Court, Special Term, this week, granting an injunction to Alexander Coons, in his suit against Thomas Chrystie, as President of the Amalgamated Plumbers' and Gas Fitters' Benevolent and Protective Society, David Jones, Matthew Murray, and James Crotty, restraining the defendants from interfering with his business as a gas fitter. Coons refused to join the Association of Master Plumbers, and his workmen were called out by the defendants, to force him to join, it being the policy in this trade to bring about a compact union of employees, on the one hand, and employers, on the other. Justice Bischoff, in his opinion, held, that an employer is to be protected against organized efforts to interrupt the ordinary course of his business through interference with the persons whom he employs.

MEETINGS FOR THE COMING WEEK.

Board of Directors Builders' League, Thursday, 8.30 p. m.

Mason Builders' Arbitration Board, Building Trades' Club, Thursday, 8 p. m.

TRADE NOTES.

VENTILATORS THAT GIVE SATISFACTION.

The Empire Ventilator, manufactured by Hermann Doerge, of No. 556 11th avenue, near 42d street, is highly recommended by many patrons who have had trouble with other ventilators and found in the "Empire" a sure cure for smoky and faulty chimneys. It is said to be unrivalled for sanitary purposes. They are extensively used by the leading real estate agents who have the care of numerous properties. Messrs. Ashforth & Co., the well-known Broadway real estate agents, have specified them time and again, always getting satisfactory results, and repeated orders from the same owners, builders and agents testify to the merits of the "Empire Ventilator," which is carefully made of the best material.

PARKS IN THE BOROUGH OF THE BRONX.

The following is a revised list of the parks in the Borough of the Bronx, with their boundaries and acreages, recently prepared and published by the Park Department. The only complete list of the parks in the two boroughs, Manhattan and the Bronx, hitherto extant, is that published in these pages November 14, 1896, with the erratum in the following number referring to the location of St. John's Park. The value of the list below is that it is official, and so far as it goes must be taken as the best information on location and acreages of the parks named in it:

The Real Estate Market

Real Estate Market

For a summer's week the reports from the private sales market given below make a good showing. Of course, much of the business included in these reports was completed some time ago, and, equally, of course, much represents the swapping of equities in trades. But notwithstanding these circumstances, the reports represent a well-distributed miscellaneous business, unusual for the time of the year. There are 36 transactions, with the considerations given in 9 of them, and making a total of $1,075,000. Of this total, it should be stated, $655,000 are contributed by what is presumably a trade in 5th avenue parcels. Comparative figures for last week were 31, 5 and $187,000, respectively, and for the week before 20, 6 and $181,500, respectively, so that, instead of declining, as might naturally be expected to be the case, the deeper we get into the vacation term, this week's reports indicate increase of activity.

The following are the comparative tables for the New York Conveyances, Mortgages and Projected Buildings for the corresponding weeks of 1898 and 1897.

Total Amt. Alterations, Jan. 1 to date	$3,499,037	$4,346,353

Only a moderate amount of interest was apparent in the auction room this week. As has been the case lately the list of offerings was a comparatively short one, and the properties embraced in it were sold in foreclosure, except a few that came on the market in partition. The parcel that aroused the greatest interest was the stores and tenements, No. 45 Spring street and Nos. 216 and 218 Mulberry street, offered in satisfaction of a mortgage, by Bryan L. Kennelly, which brought $41,600, a good price considering the dullness of the times. A partition sale of No. 240 Elizabeth street, by Richard V. Harnett, was also successful in results. Two lots, with 2-story frame stores and tenements, Nos. 2919 and 2921 8th avenue, went cheap at $4,900 and $5,500 severally. At the same time, but before another stand, No. 92 Lawrence street, a lot with a 2-story brick store and tenement, and a 2-story frame dwelling on the rear, brought $7,100 from a party interested in the partition suit under which it was sold. These two last sales illustrate the uncertainty of auction results in a period of small demand. The only withdrawal was that of parcels on the map of the Givan Homestead, by Wm. Kennelly, and the only adjournment to a date beyond next week that of a plot on Kelly street, by Peter F. Meyer to August 22d.

OUT OF TOWN.

Potter & Brother ave sold to a Mr. Brownell a plot of 5½ acres on the west side of Central avenue, south of Yonkers avenue, and adjoining Hillview Park, Yonkers. They have also sold to a Mr. Clark a plot of 31¼ acres on Trenchard avenue, same place.

James D. Lynch transferred this week to the Bensonhurst Company, organized by William H. Reynolds, 1,192 lots at Bensonhurst, for $850,000. The property will be managed in connection with Borough Park. This transaction practically gives the buyers control of that section of Brooklyn.

Hull street, No. 11, 3-story brick tenement, 25x100; buyer, W. F. Wakeman; broker, John Donnelly.

REAL ESTATE NOTES.

The time for inspecting the assessment rolls, now on file with the Municipal Assembly, will expire on Saturday next.

Mr. Wood, of Jesse C. Bennett & Co., will spend the summer with his family on the Jersey shore.

William H. Early, real estate broker, has removed from No. 438 Amsterdam avenue to No. 217 West 125th street.

It is reported that the plot, 100x110, at the northeast corner of 5th avenue and 117th street, has been sold to a builder, who will improve at once. The report could not be verified yesterday.

The Metropolitan Street Ry. Co., directly and through leased lines, has filed with the Secretary of State notice of their intention to run a double track line along the Boulevard to connect the 59th street line with their Columbus avenue line, at 65th street.

The street map of the territory east of the Bronx River, prepared by the Topographical Department, under the supervision of Engineer Louis Risse, which was described in these columns last fall, and several times referred to since, will be submitted to the Board of Public Improvements on Wednesday next.

The Twenty-third Ward Property Owners' Association, one of the largest and most influential organizations in the Borough of the Bronx, held its eighth annual excursion Tuesday. The iron steamboat Sirius was chartered for the occasion and carried about a thousand members and their friends to Roton Point, Conn.

At their meeting last Tuesday the Board of Aldermen finally sanctioned the $23,000,000 of appropriations for Manhattan and Bronx improvements. Some of the Brooklyn men who had assisted in blocking approval were placated by the promise of the introduction of bills to enable other improvements to be made, into the next Legislature.

The work for putting in the underground trolley on 6th and 8th avenues has been begun. The horse-cars on those avenues ceased to run on Wednesday, and although this raised objections from business men on the avenue, who claimed that a service ought to be maintained while the new power was being installed, the Metropolitan Street Ry. Co. insisted that a suspension of street car traffic was necessary to proper and expeditious work.

CONCERNING REAL ESTATE AGENTS AND BROKERS.

Stephen McCormick, of Madison avenue and 129th street, has recently refitted and furnished his offices so that now they are second to none in that locality. The improvement was called for to better accommodate an increasing business. Besides the care and management of estates, which are features of Mr. McCormick's business, he is very successful as a negotiator for the sale of realty and the placing of mortgage loans. His telephone call is 341 Harlem.

WAR TAX QUERIES

Internal Revenue Collector Treat requested the opinion of the Treasury Department as to the consideration to be taxed in the case of real estate transfers. He received a reply, from which it might be inferred that when the consideration named in a deed is nominal, it is subject to taxation on the value of the property conveyed, or the interest of the grantor in the property, at the rates required by the law, the actual consideration or value of interest of the grantor in the property determining the amount of tax. It was further intimated that when the local law requires that deeds must be registered to pass title, such papers, if presented for record, subsequent to July 1, must be stamped before the Register is authorized to receive them, no matter when the instrument was executed. The reply not being sufficiently clear, the Collector returned it with the request, in effect, though not in so many words, that it be made so.

The correspondence arose from the following circumstance: Mr. Hugo Mack, an attorney, applied to Collector Treat for a decision as to the amount upon which tax had to be paid on a conveyance for a piece of property, Nos. 54 and 56 Bleecker street, valued at $233,000, on which there was a mortgage of $160,000. What he wanted to know was whether the tax had to be paid upon the $233,000, or the equity of $73,000. The Collector decided to accept the tax on the equity subject to revision of his decision by the Treasury Department within one year, and agreed to hold the parties harmless as against penalties under the powers conferred on him by the proviso of section 13 of the War Revenue Law.

Among other decisions received is one that a bond required in legal proceedings is exempt from taxation. The certificate of the notary public on the paper, if required by law, should have a ten-cent stamp affixed.

To the Editor of THE RECORD AND GUIDE:

Does the rent receipt enclosed require a tax stamp? "Let by the month only. New York, ——, 189—. Received from M—— —— Dollars, —— for —— months' rent in advance, for —— house No. ——, commencing ——, 189—, and ending ——, 189—, at noon. Rent must be paid in advance."

Answer.—So far as I know the question has not been passed upon by the authorities; therefore, I can only give my own construction of the law. I think each one of these monthly receipts is liable to a stamp tax of twenty-five cents. The law reads: "Lease, agreement, memorandum, or contract for the hire, use, or rent of any land, tenement, or portion thereof. If for a period of time not exceeding one year, twenty-five cents." There are several decisions of our State Courts that these receipts constitute a contract or agreement for the renting of the premises for each individual month, so that a tenant can be dispossessed at the end of any month without any notice.—Law Editor.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.
